LEARN DAUGHERTY APPROVED LEASES

Senate Oil Investigators Informed
Opinion Was in Face of Legal
View They Were Absurd

DEVELOP OTHER TESTIMONY

Leasing of Teapot Dome Kept Secret
Under Instruction of Former Sec-
retary Fall

(By United Press)

Washington, Feb. 14—Postponing until tomorrow the questioning of Frank A. Vanderlip, New York financier, regarding his statement that the late President Harding's sale of the Marion Star ought to be investigated, the senate Teapot Dome committee today got testimony which showed:

That Attorney General Daugherty gave "informal and verbal" approval to the naval oil leases and contracts for exchanging oil for storage under which Doheny and Sinclair got the oil leases.

That Daugherty's opinion was given in the face of a written opinion from a Standard oil lawyer that the proposed leasing plan was "absurd" and illegal.

That Fall knew of the Standard oil lawyer's opinion, but did not think it necessary to ask a formal opinion from Daugherty.

That under instructions from Former Secretary Fall, the leasing of Teapot Dome was kept a secret, orders being issued to all in the Interior department to give out no information.

That Fall promised to see that Sinclair "took care of" John Shaffer, owner of the Indianapolis Star, the Muncie Star and several other newspapers, who claims an interest in the Pioneer Oil company's rights to Teapot Dome.

That Shaffer has obtained \$92,000 from Sinclair under an agreement growing out of his claim.

Former Secretary Fall knew the proposed payment of naval oil in storage tank construction had been held illegal when he made the arrangement with E. L. Doheny, Arthur L. Sutro, told the committee today.

Sutro, in an opinion to his company, which was found in the interior files ruled the proposed exchange of oil for storage was an absurdity under the law, and that the act of 1920 gave the secretary of the navy no power to do this.

He said Assistant Secretary of the Interior Finney told him Fall did not consider it necessary to get a ruling from attorney General Daugherty on this point.

Sutro asked permission to produce a transcript of hearings conducted

OWNERS OF MARION STAR SEEK HEARING

Speeding to Washington to Demand
Right to Reply to Attack by Frank
A. Vanderlip

"VENOMOUS," THEY ASSERT

Cleveland, O., Feb. 14—While Ohioans awaited today with abated breath the testimony of Frank A. Vanderlip, New York financier, before the senate investigating committee, Louis H. Brush, Salem, Ohio, and Roy B. Moore, Columbus, Ohio, owners of the Marion Star, were speeding to Washington to request a hearing before the committee on Vanderlip's sensational suggestion that an investigation be conducted into the sale of the late President Harding's paper.

Vanderlip's speech at Ossining, N. Y., in which he said that the sale of the Star "for \$550,000 to two young men of no financial standing," was branded by Brush as "venomous" and "absolutely false."

Brush and Moore left Cleveland at midnight for Washington to be "ready to give the senate investigating committee any information it may want." They declared they would fight "any attempt to implicate the late President Harding with the Teapot Dome scandal."

"The actual purchase price of the Marion Star, including every share of stock was \$380,00, they said.

PROPOSES ALIEN EMBARGO

Imperial Wizard of Ku Klux Klan
Speaks in Indianapolis

Indianapolis, Feb. 14—An "embargo" on every alien not in harmony with the national ideals of the United States was urged by Dr. H. W. Evans, imperial wizard of the Ku Klux Klan, in a speech to a gathering of klansmen in Cadle taternade here last.

"Let immigration of every undesirable type be stopped, completely stopped," he said, "until our illiteracy and internal strifes can be superseded by unselfish patriotism."

Dr. Evans denounced the "professional politicians of the country, the press that 'spawns prejudice instead of news,' and took a fling at the churches, many of which, he said, are only bickering centers and sources of endless controversy.

WASHINGTON IS MAD WITH RUMORS

Every Man in Public Life Who Ever
Bought Share of Oil Stock Afraid
Name Will Be Drawn In

1924 CAMPAIGN TOPSY-TURVY

No Outstanding Figure Will Escape
Unsmirched by Irresponsible Lies
And Inquendo

By LAWRENCE MARTIN

(Copyright, 1924, by U. P.)

Washington, Feb. 14—Washington is rumor mad and politicians are literally hysterical with fright.

Every man in public life who ever bought a share of oil stock is afraid his name will be dragged into the Teapot Dome scandal. Men who had more damaging connections with the leading figures in the case are waiting in a sort of numb terror for the blow to fall on them.

The result is that the whole 1924 campaign has been turned topsy-turvy.

Wm. G. McDoo, drawn suddenly into the oil picture in a way that threatened to smash irretrievably his presidential aspirations, will try to turn the scandal to his advantage. He has summoned to his standard all, regardless of party, who feel so outraged by the senate revelations that they are grimly of a third party and La Follette for President.

McDoo will put his fate to the test at a conference in Chicago February 18. Having explained in vigorous language his connection

M'ADOO FOLLOWERS TO CONFER ON CANDIDACY

Will Determine Next Monday Whether
He Shall Stay in Race For
Democratic Nomination

M'ADOO IS SEEKING ADVICE

Chicago, Feb. 14—Whether Wm. Gibbs McAdoo shall stay in the presidential race will be determined at a conference here next Monday of McAdoo supporters and others outside of the party.

McAdoo-for-President headquarters here announced that in addition to McAdoo supporters, a call has been made for "representative progressives outside the Democratic party, representatives of labor and farmers and other liberals."

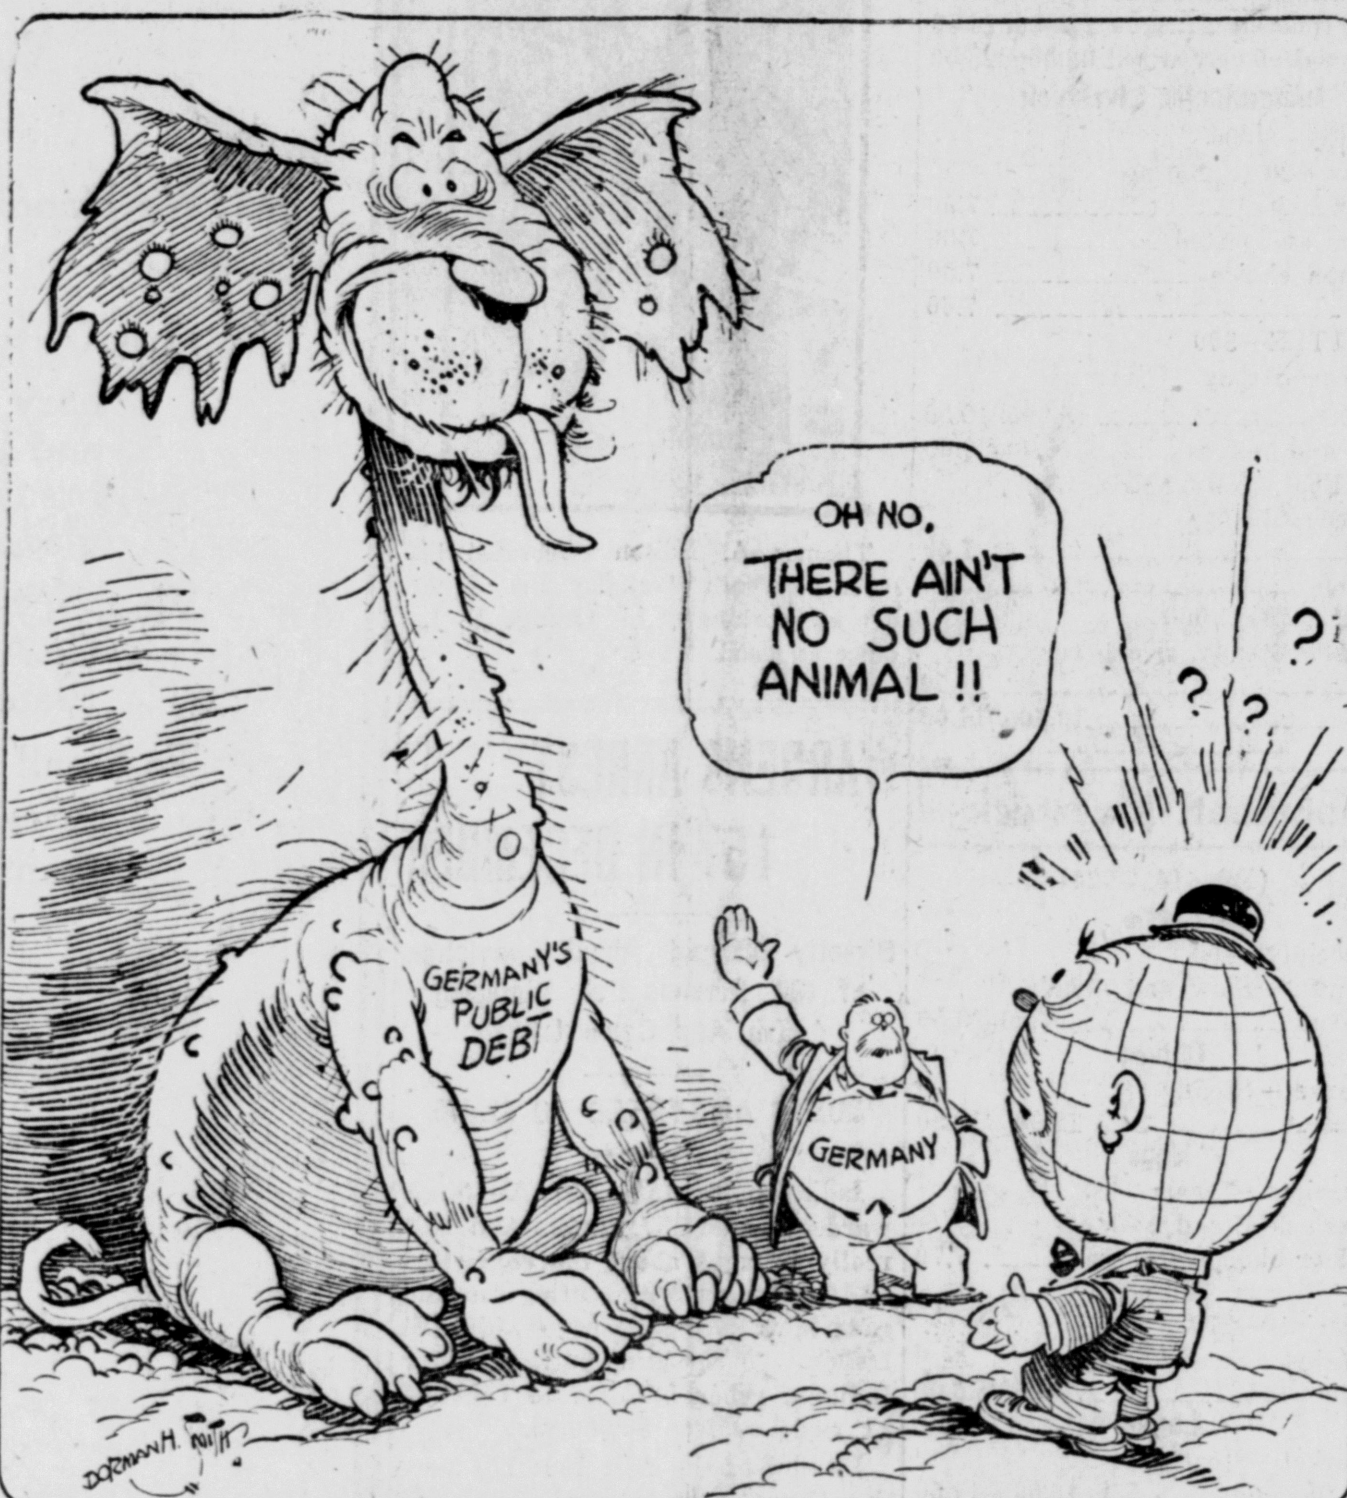

This action followed the decision of McAdoo to ask his followers to decide whether he is still available now that his name is involved in the Teapot Dome scandal hearings.

Under the signature of David L. Rockwell, McAdoo's campaign manager, the headquarters drafted a letter to McAdoo stating in part:

"Obedient to your suggestion, I am calling a conference in Chicago for February 18, to which I propose to invite, in addition to representative men and women leaders in the McAdoo movement over the nation, representatives of labor, farmers and other progressives.

"This is the most daring, direct and courageous step ever taken by any presidential candidate. I know, of course, that you are prepared to abide by the result."

AND THAT'S THAT

SOME FACTS ABOUT SCOUTING

Every Scout when he enters the movement takes the Scout Oath which is as follows:

On my honor I will do my best:
1. To do my duty to God and to my Country, and to obey the Scout Laws!

2. To help other people at all times;

3. To keep myself physically strong, mentally awake and morally straight.

When taking this oath the Scout will stand holding up his right hand palm to the front thumb resting on the nail of the little finger and the other three fingers upright and together.

The position of the hand just described for taking the Scout oath is the Scout Sign. The three fingers held up remind him of his three promises in the Scout Oath.

When the three fingers thus held are raised to the brim of the hat over the right temple it is the Scout Salute.

The Scout should always salute the Scout officials when appearing in uniform.

The motto of the Boy Scout is Be Prepared "which means that he

Scout is always in a state of readiness in mind and body to do his duty and meet any emergency.

The three classes of Scouts are Tenderfoot, Second Class and First Class. To receive these ranking he must meet certain specified requirements as set forth by the National Headquarters of the Boy Scouts of America. He receives these ranking by taking the examinations sent out and explained in the Boy Scout Handbook.

INDUSTRIAL BOARD HOLDS HEARING HERE

Evidence in Two Cases For Compensation Is Heard and Third One Is Postponed

TWO AGAINST CARTHAGE CO.

The state industrial board was represented here this morning in hearing two cases filed under the workmen's compensation law, growing out of alleged injuries sustained while performing work for employers. One case heard this morning was by Walter Mann against the American Paper Products Company of Carthage in which the petitioner is attempting to recover for the loss of an eye. His claim is for 150 weeks, and aggregates a sum of money approximately \$1,700.

In another case the heirs of Frank Gilson were heard in their petition against Bert Ormes, in which it was charged that the deceased, Frank Gilson, was in the employ of Bert Orme as a taxi driver, and suffered the loss of a thumb due to an accident. In this petition, 60 weeks compensation, totalling about \$600, is demanded.

No decision in the cases was made, and the facts presented to the board were taken under advisement and a report will be made in the near future.

In the case of Orville Masters against the American Paper Products company, Judge Riley suggested that the hearing be postponed until Mr. Master's fingers were healed further. He was injured while working in the Carthage plant.

ONE DEATH IN FIRE

Cairo, Ill., Feb. 14—One death and damage estimated at one million dollars was caused today by a fire which destroyed completely the Mengel Box plant at Hickman, Ky., according to meagre advices here

CHANGE TAKEN IN ALIENATION SUIT

Case of Edna Miller Against Her
Father-in-law, Burton Miller, Sent
To Henry County

PLAINTIFF WON JUDGMENT

Judge Sparks Overrules Motion to
Quash Indictments Against Bert
Hankins and Otis Ryan

A change of venue has been taken in the alienation of affections case of Edna Miller against her father-in-law, Burton Miller, and the case was sent to Henry county for trial by Special Judge John Craig of Greensburg, who recently assumed local jurisdiction in the case.

The suit was tried here a year ago. The plaintiff was given \$4,500 judgment and the court granted the defendant a new trial on grounds that the jury erred in its decision, and the plaintiff was later given the change of judge. Today the defense filed the motion for the change from the county. The case had been set for trial next Monday.

The jury which was called for the trial today of the New Salem State Bank against William E. Scott, a complaint on a note, was not used, when the parties effected a compromise and the case was settled without coming to trial.

Judge Sparks this morning overruled the motion to quash the affidavit against Bert Hankins and Otis Ryan, each charged jointly with encouraging delinquency, and the two men will face trial on the charge in a few days.

One new case has been filed in the circuit court, being a divorce complaint, continued on Page Three

BIRTHDAY COMMEMORATED

Samuel L. Trabue Makes Lincoln
Day Speech Before Kiwanians

Lincoln's birthday anniversary was commemorated today at the weekly luncheon of the Kiwanis Club, and the address for the occasion was delivered by Samuel L. Trabue, local attorney.

A varied program also was given at the meeting today, which included numbers by Miss Brenda Kinsinger, pianist; vocal solos by Miss Irene Beardon, and several readings by Miss Lavienna Compton, all of which was greatly applauded and appreciated by the club members.

BANKERS ARE WITNESSES

Before Federal Grand Jury in McCray Investigation

Indianapolis, Ind., Feb. 14—Indianapolis bankers were in the spot light today in the federal grand jury investigation of Governor McCray's affairs.

A dozen Indianapolis bank officials representing every institution with which the governor has had business relations went before the grand jury. Although the investigation will probably be completed this week, it is not likely that the grand jury will make its report before February 25.

About fifty more witnesses remain to be heard, it was stated.

BOYS PROGRAM TO OPEN FRIDAY

Fellowship Campaign Closing Sunday
Night in Charge of Seven I.
U. Students

MEETINGS DAY AND NIGHT

Business Men's Luncheon Saturday
Noon and Mass Meeting for Men
and Boys Sunday

The program was announced today for the Fellowship campaign among the boys of Rushville, which will open Friday afternoon with a meeting at the Graham high school assembly and close with a mass meeting for every one at the Main Street Christian church Sunday evening at seven o'clock.

The campaign will be in charge of seven Indiana university students and R. J. Duke of the state Y. M. C. A. and consist of almost continuous sessions, during which the student Y. M. C. A. workers will practically live with the boys.

Boys under the high school age will be included, for a mass meeting of Boy Scouts will be held at the court house assembly room Saturday afternoon at three o'clock.

The visiting students will have charge of a "pep" meeting previous to the Richmond basketball game Friday night. The team will be entertained at dinner before the game.

A luncheon session for business men is scheduled for Saturday noon in the basement of the First Presbyterian church and Sunday afternoon's session is for both men and boys. The program follows:

"BLOSSOM TIME" FOR POLITICAL CANDIDATES

Many Expected to Toss Their Hats
Into Ring Before Time For Filing
Declarations March 7

PRIMARY FALLS ON MAY 4

Candidates for office are expected to begin "blossoming" very soon under the influence of a warm sun and much talk regarding the coming primary.

Although candidates are not permitted to file their declarations to become candidates before Friday, March 7, under the state-wide primary law, there is no law to prevent them from making their announcements through the newspapers.

The law provides that candidates may file their declarations with the clerk of the court any time within thirty days, beginning March 7, and that the primary shall be held the first Monday in May, which falls on the fourth day of the month this year.

Considerable discussion is being heard regarding candidates for nomination for county offices on both the republican and democratic tickets. The lines are being drawn closer and some of the men who have been talking with their friends regarding the advisability of their entering the race are expected to toss their hats into the ring in the not far distant future.

DECIDES TO ASK AN ENDORSEMENT

Resolutions Committee of Democratic
State Editorial Association Reaches
Decision

WILL BE PRESENTED TONIGHT

Other Resolutions To Deal With
State Administration And Deaths
of Two Former Presidents

(By United Press)

Indianapolis, Ind., Feb. 14—A definite decision to present to the annual banquet of the Democratic state editorial association at the Claypool hotel tonight, a resolution endorsing Samuel M. Ralston for the Democratic nomination for president, was reached today at a meeting of the resolutions committee of the association.

Discussion in the meeting centered on Ralston's speech on taxes before the senate Thursday and the possible effect it would have on his prospects as a possible candidate.

Other resolutions will discuss the state administration and others will express the regret on the death of Woodrow Wilson and Warren G. Harding.

John S. Mitchell of Greenfield succeeded George Purcell of Vincennes as president. Other officers are: John O. Gorman, Princeton, vice president; Thomas McCulloch, Anderson, second vice president; Park Beadle, Rockville, secretary and John DePrez, Shelbyville, treasurer.

It has been the rule of the association not to endorse candidates but many editors were seeking to have this rule regarded in the present case.

Ralston, however, still insists he is not a candidate and there is some feeling that a resolution by the editors would embarrass him.

The maiden speech of Ralston's in the senate yesterday in which he attacked the Mellon tax reduction plan, was the topic of much comment among the editors.

Ralston was due to arrive today from Washington, and he will be one of the speakers at the banquet tonight which will close the midwinter meeting of the association.

Other speakers at the banquet tonight will be Mrs. James R. Riggs, of Sullivan; Homer Cummings, of

LEADER OF HERRIN RAIDS TO BE ARRESTED

Glenn Young Accused in Indictment
of Destroying Property During
Booze War

MAYOR OF HERRIN RELEASED

(By United Press)

Herrin, Ill., Feb. 14—S. Glenn Young, leader of the Ku Klux Klan booze raids in Williamson county will be arrested today, authorities announced following his indictment on charges of destroying property in his raids. Forty seven other indictments returned by the grand jury name many of Young's aides.

Sheriff George Galligan, arrested and held prisoner by Young on charges of complicity in the murder of Constable Caesar Cagle, was released when the coroner's jury found him not guilty.

Galligan took over the office of sheriff again today.

A. C. Anderson, Mayor of Herrin, arrested with Galligan on a similar charge was also released.

Chicago, Feb. 14—The federal government today took a hand in the troublesome Williamson County Illinois, where "dry" Ku Klux Klan and "wet" anti-Klan forces have been at war for supremacy.

Attorney Cavanaugh of the Washington office of the prohibition department left here for Herrin, center of the booze war, armed with affidavits to close 123 liquor establishments in Williamson county. Signatures will be obtained at Herrin and Marion, county seat, and the cases will be prosecuted at East St. Louis, Cavanaugh indicated.

The affidavits were drawn up here on evidence obtained by S. Glenn Young, "two gun" leader of the dry forces.

The Value of Your Suit Is in the Service it Gives

To make your suit give good service, have it cleaned and pressed often. The cost is comparatively small to the benefit derived. Your suit or other clothing will last twice as long at very much less than twice the cost.

WARDENS ARREST 157 IN DECEMBER

Directly Brought About Conviction
of 150 Persons For Violating
Fish And Game Laws

COSTS AMOUNTED TO \$2,960

Indianapolis, Ind., Feb. 5—Game wardens made 157 arrests and directly brought about the conviction of 150 persons for violating fish and game laws during December, Richard Lieber, conservation director for Indiana, reports. Costs to convicted violators was \$2,960.85.

In view of the fact that 179 persons were arrested and 172 convicted in December 1922, Mr. Lieber points out that the persistent efforts of an organized and efficient warden service is having the desired result of discouraging repeated law violations.

Reports to conservation officials show that large numbers of quail and rabbits escaped the open hunting season and are now left to reproduce their kind for next season's shooting. Excellent fishing and hunting is contributing its annual quota of wealth to the state, for aside from local or resident patrons of the sport, hundreds of out-of-state residents are attracted, take out licenses and spend large sums of money during their visits. The division is now completing a survey of the game birds of the state, a work that will be of great interest at large.

STATE WHEAT POOL CAMPAIGN BOOMING

Many Elevator Men Offer Lease of
Elevators to Farm Federation if
Wheat Pool Goes Through

TO CANVASS EACH COUNTY

Indianapolis, Ind., Feb. 14—Things are booming for the Indiana Farm Bureau Federation in its campaign to form a wheat pool among farmers of the State.

Many elevator men over the State have offered to lease or rent their grain elevators to the federation should the wheat pool go through, according to federation officials.

According to plans of the federation, every county will be canvassed for wheat pool contracts on March 12.

Speaking dates have been arranged for many of the cities and towns over the state.

Walter Petet, Chicago, secretary of the Farmers' Cooperative association, has arranged to appear through the state at the following places on the dates indicated: Laporte, Feb. 18, Plymouth, Feb. 20; Logansport and Delphi, Feb. 20; Frankfort and Lebanon, Feb. 21; Crawfordsville, Feb. 22; and Anderson, Feb. 23.

BIRTHS

A baby boy weighing eight pounds was born to the wife of Frank Wooster Tuesday at a hospital in Columbus, O., and has been named Frank Chase. Mr. and Mrs. Wooster live at Cardington, O., and Mr. Wooster was formerly a resident of this city.

DOLLINGS AGENT ARRESTED
Portland, Ind., Feb. 14—Orville Easterday, county Dollings representative, has surrendered to the sheriff, following indictment by the Jay county grand jury. He furnished bond of \$2,000. Easterday is the first of twenty-seven indicted to submit to arrest.

Dark Rings Under Eyes

For the relief of dark rings and blood shot eyes there is nothing better than simple camphor, witchhazel, hydrastis, etc., as mixed in Lavoptik eye wash. The quick action is surprising. Eye cup free. Hargrove and Brown druggists.

—Rollin Turner of Greensburg was here today on legal business.
—Mrs. Charles Taylor is visiting with relatives in Brookville, Ind.
—A. L. Gary and Lon Link transacted business in Indianapolis today.
—Mrs. James Ochiltree of Glenwood was a business visitor in this city today.
—The Misses Marian Tittsworth and Florabel Huber of Orange visited in this city Wednesday evening.
—Mrs. Horatio Havens and Miss Sallie Adams are spending a few days in Chicago, Ill., transacting business.
—Mrs. Joe Moore and Mrs. Grace Board of Cambridge City, Ind., visited Mrs. Lou Gohring in this city Wednesday.
—Dr. A. L. Marshall of Indianapolis, formerly of Andersonville,

spent the day in his city on professional business.

—Mr. and Mrs. Roger Kennedy motored to Newcastle, Ind., Wednesday evening and visited the latter's mother, Mrs. Alta Rummell.

—Mr. and Mrs. William Gabai and little daughter Naomi and son Donald of Indianapolis have returned to their home after a visit in this city with Mr. and Mrs. Glen Perkins.

—Dr. C. E. Stewart and son Dudley, of Ramsen, Iowa, stopped in this city Wednesday for a visit with Mr. and Mrs. R. L. Stewart, while en route to Florida, where they will make their future home.

LEARN DAUGHERTY APPROVED LEASES

Continued from Page One
by Fall regarding legality of the leases.

The transcript showed five government officials took part in the discussion and knew all about the leases "notwithstanding contrary testimony given to this committee," Sutro said. John Holland, secretary to Senator Walsh, who has been making an investigation of records in the interior department, produced correspondence showing Fall knew of Sutro's opinion and disregarded it.

Frank A. Vanderlip, New York financier, faced stern examination by the committee this morning on his statement that sale of the Marion Star by the late President Harding should be investigated.

The committee will call on Vanderlip to tell whether this statement was based on information indicating some connection between sale of the Star and the oil leasing scandal or merely upon rumor and gossip. Vanderlip already has indicated he has not definite information.

Vanderlip, in a speech at Ossining, N. Y., not only drew Mr. Harding's name into the inquiry, but assailed Attorney General Daugherty. Senator Reed of Missouri and others said there should be a wholesale house cleaning in Washington.

Louis Brush, who bought the Marion Star, wired the committee today as follows:

"Roy D. Moore and I will be in Washington Friday and request that either or both of us be permitted to tell the senate oil investigation committee what we know relative to the purchase of Mr. Harding's paper."

WASHINGTON IS MAD WITH RUMORS

Continued from Page One
with E. L. Doheny had no reference to the oil leases, he is confident today not only that his Democratic followers will reaffirm their faith, but that new adherents will flock to him.

The truth of the situation is that no outstanding figure in politics today will escape unscathed by the unrestrained, irresponsible irrational lies, gossip and innuendo which literally runs riot. As the campaign progresses this sort of thing will grow worse instead of better.

BOYS PROGRAM TO OPEN FRIDAY

War Substitutes in Bread?

Indianapolis, Ind., Feb. 14—"In some cases I believe war substitutes are still being used in bread," declared Mrs. W. H. Hert, president of the Indianapolis Housewives' league, in commenting on charges made in Washington that a bread trust is robbing American homes of \$1,000,000 a day.

"Maybe an investigation will help, but it looks like the trust organization is air tight."

FURNITURE STORE TO OPEN

A new furniture store is to be opened soon in Rushville, according to an announcement made today by George L. Todd of this city, who was formerly in business here. The two stores owned by Mr. Todd in Morristown and Carthage are being moved here, and the Offutt building, 115 East First street, is to be the location for the store here. The firm will be known as the George L. Todd and Company, and will be ready for business in a few days, Mr. Todd announced.

plaint by Gertrude B. Dickey against Albert H. Dickey, residents of Union township. The plaintiff alleges that the defendant was cruel, failed to provide, had an ungovernable temper, cursed her and abused her on many occasions.

They were married February 11, 1914 and separated August 6, 1923, the complaint says, and she also asks the custody of their two minor children, and seeks support for herself and the children.

No decision on the motion to quash the murder indictment against Cecil Cloud has been made.

Louis Dagler and Meredith Horrell two guardsmen, who confessed to the theft of supplies from the Rushville armory, are still in jail, awaiting further word from the government officials.

CORONER DELAYS VERDICT

Anderson, Ind., Feb. 13—Coroner Jesse A. Halbert, of Madison county, delayed again today the announcement of his verdict on the Fortville interurban wreck in which 18 persons were killed on Feb. 2. Halbert said he had not had an opportunity to confer with Charles E. Smith, Madison county prosecutor.

Let "Gets-It" End Your Corns

This Corn Remedy Is Guaranteed
The "Gets-It" painless way to end corns forever is miles ahead of any thing else. Try it. Simply apply two or three drops to any corn or callous. In two minutes all pain will have stopped completely. Soon you can peel the corn or callous right off with your fingers, root and all. Costs but a trifle. Satisfactory results guaranteed with your corn or money back. E. Lawrence & Co., Chicago. Sold everywhere.

A Demonstration of the The Happy Home Steam Washing Machine

At Our Store Saturday, Feb. 16, 1924

The Greatest Labor Saver Ever
Invented For Women
No Home Complete Without It

12 to 17 Sheets Washed at One Time
A Washing in One Hour

No labor, no rubbing, no wash board or chemicals used. Any 12-year-old child can operate the Happy Home Washing Machine. Works exactly like the large commercial laundry machines in the cities. It is a veritable little laundry machine made small enough for use in your homes. Large enough for any private family or hotel. While it only weighs 25 pounds, and only uses 4 gallons of water—think of the saving in carrying and heating water by using The Happy Home. It can be used on any cook stove or hot plate; it will wash more clothes at one time than any single tub washer made for family use, washing from 12 to 17 sheets at one cylinder full. It does away with the WASHBOARD and BOILER and washes anything from the finest lace curtains, feather pillows, blankets, quilts, comforts to the dirtiest rag rugs and overalls.

Be sure your sin will find you out.
—Numbers 32: 23.

Rush County Land Values

Rush county land values have fallen in the postwar decrease of farm products prices until they are far below what they should be and what farms are selling for in other counties of Indiana, and in other states.

This situation can be explained only by the mental attitude of Rush county people. They have been "viewing with alarm" for so long that they have come to the conclusion that everything has gone to the eternal bow wows.

This psychological condition has had its effect on the price of farm property. It has driven prices to a point where outside buyers have begun to come into Rush county to invest in rural real estate, realizing that it is selling cheap and that they can sell at a profit at a not far distant date.

A farm in southern Rush county sold not long ago to an Oklahoma man and a few days ago an Indianapolis man bought two choice farms near Rushville at about half what they would have brought during the boom days of 1919 and 1920.

The time has come when farmers and others will have to awaken to the fact that Rush county land is far

Don't Fuss With Mustard Plasters!

Musterole Works Without the Blister—Easier, Quicker

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole.

Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of mustard plasters, and will not blister.

Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it may prevent pneumonia).

To Mothers: Musterole is now made in milder form for babies and small children. Ask for Children's Musterole.
35c and 65c jars and tubes.

We have the Tractor and the Price and Terms to suit the buyer. Come and see this demonstration and satisfy yourself. Don't forget the dates, FRIDAY the 15th, and SATURDAY, the 16th.

A man from the factory will be here to explain and answer all questions you want to ask.

The O Neal Bros. Co.

too cheap and that it will not come into its own again until a more optimistic outlook prevails among Rush county people.

Florida has some advantages over Indiana, but the advantages Indiana has over Florida far outweigh them. California has sunshine and air (all of the warm variety) but that's about all.

Florida and California have been advertising these things all over the United States. Every time a Hoosier or people from other states get within their confines, the natives of Florida and California fill their guests full of the advantages of the climate.

The stranger believes it because that is all he hears. And when he leaves, converted, he becomes a missionary. Hence the widespread belief that Florida and California are the garden spots of the world.

We have the best soil for diversified farming of any county in the United States. We raise more hogs than any county in the United States. There is no reason why rich, black Rush county land should not sell for much more money than the yellow clay of Illinois, the arid deserts of the southwest, the rocky hills and dunes of the New England states or the boggy wastes of the south.

The principal thing for the people of Rush county to get indelibly impressed on their minds is that these things are FACTS. The next thing to do is to begin talking about them, not only to your neighbors but to everyone else. Broadcast the fact that Rush county land is GOOD land, that there is none better and that it is worth much more than it is selling for.

When a man buys a farm for a good price, don't predict failure for him. Boost for him and help give him a cheerful outlook. We can't pull ourselves out by our own bootstraps, but we can give ourselves a mighty fine start.

Let's resolve to begin boosting today for the price of Rush county land is going to come back—is coming back already.

Being Independent

No man can go through life living entirely independent of others with whom he is thrown in daily contact.

No woman can live sufficiently alone in our present complex civilization to be wholly independent of her neighbors or friends.

Yet we find men and women who take the attitude that whatever they do concerns no one else and who believe that they should be permitted to follow solely the dictates of their own judgment.

When a reformer or radical agitator starts out to rule the world, he finds certain established rules and practices developed because of the inborn traits of human nature, and he can not do just as he pleases.

Individuals find themselves in the same plight when they attempt to go their own way without regard for the rights or wishes of others.

Adopting a policy of respecting the opinion of others, and at the same time being firm in your own convictions, need not crush initiative or kill ambition.

Some of the most courteous people are at the same time the most pronounced in their own views, yet they do not attempt to enforce them on others, neither do they try to travel their wilful way through life, crushing and stamping out all who disagree with them.

Human rights are human rights, the world around, whether it be in the seats of the mighty or the humblest homes of the smallest community.

And where human rights are respected and where people are friendly and considerate of others—that's where we like to live.

That's the kind of a place that attracts desirable people and that's the kind of a place we all want to make our home communities.

The Hodge-Podge
By a Paragrapher with a Soul

King Tut's mummy case has been discovered. The old Egyptian has been mummified since he has been in it.

A celebrated woman novelist of Great Britain committed suicide because she was unable to think up any new ideas for stories. She has probably already done her worst.

The increase in the number of telephones put in use in 1921 in the United States was greater than the increase in all of the rest of the world combined. That is something to talk about.

Along about the time when we dream of the day when there will be no more ashes to empty, it's time to begin spading for garden.

There may be better places to live, but we haven't seen them yet.

Tax reduction is not a question of politics, but of pocketbook.

Grass and candidates will not thrive where oil runs.

Congressional politicians have long since learned that fire started with oil spreads rapidly.

Letters to the Editor

PRICE FIXING

Price-fixing implies cooperation. There can be no price-fixing without cooperation; and there can be no cooperation without organization. Organization of the farming industry—if there were no opposition—is the most difficult undertaking of its kind that was ever attempted; and the Farm Bureau is the best stagger to date. WE SCOLD OUR FRIENDS, NOT BECAUSE WE HATE THEM, BUT BECAUSE WE EXPECT GREAT THINGS OF THEM! If the Farm Bureau has failed, let us hope that it failed because it was overpowered.

Have you taken note of the subtlety and intensity of the opposition to Price Fixing? Have you never asked yourself why so many other things are recommended as being in themselves entirely sufficient? Here is the reason: PRICE-FIXING, BY THE FARMERS, THEMSELVES, SAFEGUARDED BY A TARIFF WALL AND PROPER GOVERNMENT REGULATION, WITH GOVERNMENT PURCHASING OF SURPLUS AND STORING FOR LEAN YEARS, TOGETHER WITH PERIODIC CROP REDUCTION OF ACREAGE WOULD END THE GAMBLER'S GAME IMMEDIATELY AND FOREVER.

Price-fixing does not mean Government Management, but it does mean that the organizations that have always held control shall no longer be consulted in the fixing of prices; and that these same organizations shall be liable to prosecution for price changes. All this talk about the "speculator" being necessary to keep the markets functioning properly, is the rottenest kind of tommyrot.

At this very moment, while these lines are being written Board of Trade is telling the farmers of this country that "the government tried to regulate it" and the process has hurt its feelings and it will not invest its

ELMER HUFFERD,

During the long years of the evolution of farm economies, the farmer has been so gentle, so obedient, so forbearing in all things, and has shown such a sweet disposition by taking what was handed out to him by the lords of "distribution"; that any important change in his conduct is forthwith taken as a form of rebellion against the decrees of fate.

ELMER HUFFERD,

FIFTEEN YEARS AGO TODAY

From Daily Republican
Monday, Feb. 15, 1909

Dr. E. I. Wooden was called to Manila Saturday to remain a gran of pop corn from the ear of Glorine English. It was thrown in her ear several days ago and did not give her any pain until Saturday.

Mrs. Marie McIntosh, daughter of Frank Mullin of this city, was robbed of \$45 by a burglar Saturday night. The thief broke into her room at her boarding house in North Meridian street in Indianapolis.

One hundred and five additions to the church is the direct result thus far of the Yeuell meetings at the Main Street Christian church. The whole church is rejoicing and enthusiastic over the splendid success of the meetings.

The piano pupils of Miss Jessie Kitchen gave a recital at the home of their teacher in West Third street Saturday evening and was attended by nearly one hundred people. Those on the program were Pauline Gosnell, Lawrence Payne, Hubert Alexander, Carmelita Geraghty, Kathryn Giffin, Dorothy Sparks, Mary Louise Poe, Elsi Frazee, Leah Flint, Gladys Tittsworth, Mary Ruth Innis, Marguerite Wolcott, Mary Louise Bliss, Dorothy Tevis, Edna Miller, Jean McClannahan, Edith Holden, Frances Neutenhelzer, Erena Wilk, Louise Maury and Norma Smith.

John Nipp, Jr., has returned to Ann Harbor, to resume his studies in Michigan University after a short visit with home folks in this county.

Mrs. Sarah E. Ball and daughter Eva have returned from an extended visit with Mr. and Mrs. A. J. Shelby in Lebanon.

Misses Sue Gregg and Mary Scanlan saw the "Merry Widow" at English in Indianapolis Saturday night.

The Rush County Farmers' Institute began with the first session at Carthage today and will continue all this week. The session will be held at Manila Tuesday; at Milroy Wednesday; at Arlington Thursday and at Rushville Friday and Saturday, the Saturday's session being especially for women.

The associate members of the Ladies Musicales royally entertained the active members this afternoon at the home of Mrs. Willard Amos in North Perkins street.

Ruth Atkins, daughter of Mr. and Mrs. Jesse Atkins of Mays, fell from a chair last week and broke her arm.

Gosh! Hasn't He Trouble 'Nuff?
(Pittsburg Gazette-Times)

President Obregon should offer a prize for a peace plan.

The New ESSEX
Built by Hudson
A SIX

Gives "Ideal" Transportation

Take a 30 minute ride to learn the facts. It will convince you that "ideal transportation" in terms of economy, performance and lasting reliability, is fully realized in this low priced car.

The new Essex is built by Hudson and shares its famous design advantages. That not only means a motor design that has long held a foremost place among "Sixes", but the same type of clutch, transmission and rear axle which Hudson has proved in years of service.

And the first-cost economy is carried out in every way that applies to transportation—low fuel and oil consumption; great tire mileage; and astonishingly low prices on replacement parts.

The materials used and the way it is built insure lasting enjoyment of those unusual qualities which delight you on your first ride.

A 30 Minute Ride Will Win You

\$170 Less

Essex closed car comforts now cost \$170 less than ever before. Also with this lower price you get a more attractive Coach body and a 6-cylinder motor built on the principle of the famous Hudson Super-Six.

THREE GAMES ON THE
FRIDAY NIGHT PROGRAM

NEWSY GOSSIP IN THE WORLD OF SPORT

PROGRAM FOR THE
REGIONAL IN SHAPEHITTIN' 'EM
—AND—
MISSIN' 'EM

HERE'S A CONSISTENT PLAYER

An old hoop in his back yard, started Robert Newbold in developing his "shooting eye," and today he can hold down the center or forward position on the Rushville team. "Bob" is a real Lion when he gets into the game, and there is usually something doing when he grabs the ball. He handles himself well, keeps a level head in all games and makes good passes. While "Bob" is not usually a starter in the game, yet he generally goes in for a half portion and makes good. In the games that he has played this season, he has sent in 33 field goals, and made good 8 fouls. It never makes any difference to him who plays as his running mate, as he can cover the floor with any of the other players. One of the nicest things about "Bob" is that he has another year in school, and will be back in a uniform next season.

Richmond is coming 150 rooters strong Friday night, as they have asked for that many tickets.

There will be no advance sale of tickets for the Rushville-Connersville game here next week, and everyone will have to take a chance on getting in. Details about the opening of the doors will be announced later.

Babb of Indianapolis will referee the game here tomorrow night and Campbell of Franklin will be the umpire.

THAT TERRE HAUTE SPECIAL

Plans are now going forward for a trailer on that special car to Terre Haute next Saturday, February 23. The first car is about filled, and there are many inquiries being made. The round trip fare will be \$4, it was announced, and the car will leave here at 9:30 in the morning, returning right after the game at night. Arrangements are being negotiated with the Terre Haute school for the appearance of the Rushville girls against the Garfield girls for a matinee game, along about 3 o'clock in the afternoon.

Knightstown plays at Newcastle Friday night, and the following from Markin' 'em up, is of interest here:

BEAR STORIES

Knightstown puts forth the alibi that Hargrove suffered injured knees in the Greenfield game Friday night, and that was the reason they were defeated by Rushville Saturday night. In that case, we might ask how

about the way Greenfield almost doubled the score on the Wayne township crew. We aren't taking any stock in the bear stories, and you can bet your last sock that K-town will put everything she has in this game here Friday night.

IT WILL BE A TEST FOR ONE OF US

George Purcell of Vincennes has his dates mixed, when he says this: RICHMOND WILL GET A TEST OF HER BIG TEN STANDING WHEN SHE PLAYS BEDFORD NEXT FRIDAY NIGHT ON THE BIG EARLHAM FLOOR.

The test will be with Rushville Friday night, and with Bedford Saturday night.

15 Years Ago, But Not Now

Watchin' and Guessin' of Columbus caught a glimpse of the 15 year ago column in the Republican, in which a game in 1909 between Rushville and Manilla was cancelled on account of sickness of two players. The Columbus paper hits the nail on the head, when he says, "Them Days are Gone Forever."

Uncle Sam still carries the mail, but it looks like faithful contributors have forgotten how to use a pencil.

Let's Invite Him Back Home

Hardwood in the Indianapolis Star makes a most startling announcement in that he was born in Rushville, but left here when he was

IS A WHIRLWIND AT FORWARD

Probably the best forward in Rush county is Foster Hilligoss of the Rushville team, who headed the list for points in the county tourney. "Hilli" has a good basket eye in every game, and plays in top-notch form. He got his early training down at Webb, and Rushville is always glad to get any players from that school, because they are trained right. When "Hilli" goes up against Richmond Friday night it will be a safe bet that he will get his share of points, and with the rest of the team working with him in good form, there is no reason why Rushville can't down Morton. With Hilligoss' record this year of 82 field goals in the games that he has played, it looks pretty good for a record of 100 or more before the season is over. "Hilli" also has made 15 foul goals this season.

EARLHAM MAKES
REGIONAL PLANS

Big Indoor Field at Richmond Where Basketball Games Will be Played to be Enlarged

WILL THEN SEAT 3,500

Orders For Tickets Already Are Being Received From Teams That Expect to Win Sectionals

Richmond, Ind., Feb. 14—Earlham college is laying extensive plans for efficiency in handling its regional high school basketball tournament at the E. P. Trueblood indoor athletic field March 7 and 8. Coach Norman G. Wann stated Wednesday that the bleachers would be arranged to take care of approximately 3,500 fans. As they are now, the bleachers will accommodate 2,900.

No high school team of this region will be allowed to practice at any time on the Earlham regional court, according to word from A. L. Trester, secretary of the Indiana high school athletic association. Coach Wann was informed by Mr. Trester that any high school team playing on the Earlham regional floor would be ineligible for tournament play.

Morton high school, therefore, is excluded from using the floor for practice, which is deemed fair in every respect to the other teams that will play in the Earlham regional.

However, Mr. Trester did not rule against the high school team playing a regular scheduled game of the season on Earlham's court. Earlham officials have invited the Morton high school to stage its Bedford game Feb. 16 at the Earlham indoor field so that a greater number of fans could be accommodated. The high school officials are seriously considering staging the game at Earlham but have not taken final action as yet.

Orders for season tickets for the regional games are coming in at Earlham, already. The college intends to have 2,500 season tickets for the games. Persons wishing to make reservations for tickets are asked to send their checks or money to either Prof. Ernest Wildman or Coach Norman G. Wann, who are in charge.

The main entrance at the west end of the indoor field is to be used for spectators entering the structure for the tourney games. The box office has been installed there. Reservations for players on teams coming to regional games have been made at the Westcott hotel. Fans coming into the city for the tournament will be obliged to take care of themselves regarding a place to put up.

a baby. Look at all of the good things he has missed, and look what he is going to miss, unless he drops down here and sees that Connersville-Rushville game next week. Let's start a thin-dime club and bring the old timer back home, and show him that there are 10,000 people here ready to go to Richmond.

Just The Kind of a Team We Like to Meet

The Richmond newspapers haven't paid much attention to the game here Friday night, and have devoted most of their space to the Bedford game on Saturday night. Of course, it will be easy pickin' here for Morton, and Hillin' 'em only hopes that they come here expecting to make it easy pickin'. Those are the kind the Lions always knock off.

Every Rushville player should watch a man at all times, cover him up, make a quick offense, follow in the shots, and hit the basket where it will go in. Let's make Richmond surrender.

ANOTHER WONDER HAILS FROM ORANGE

There is one player on the Rushville team that comes from the same place that "Peaches" Henry, the girl wonder hails from, and that is Ar-

Horse Sense Needed

HENRY L. FARRELL
(United Press Sports Editor)
New York, Feb. 14—No one but a good fellow can get along in boxing and no one can get along with boxing but a good game fellow.

Romatic fancy loves to paint a game fellow as one who rode the range alone in the old wild and woolly days; or one who ran a gambling house in Alaska when a "rod" on the hip was the only law; or a fellow who would push his whole pile across the board when the little ball started rolling around.

The game fellow is always associated with such situations in romances and fiction and many times these situations are found in real, every day life.

There isn't the same romance today in which the game fellow can show himself, but the times are just as tough even if they lack old trimmings of the melodramatic.

Suppose that you put every cent you had into the promotion of boxing in a state where the sport had just been restored to legal standing that you put a lot of bum fighters and bum managers into wealth that they never dreamed of; that you provided the means whereby Broadway became cluttered with imposing offices where presided the managers who used to do their business over the bar in a cheap booze joint, supposing then that these leeches turned upon you and dug the knife in your back.

Suppose that the men with whom you were dealing thought so much of their benefactor that they helped get you into criminal court on a nasty charge and it cost you \$100,000 to prove that you were innocent.

Suppose that the same gang after the jury had acquitted you shrugged their shoulders and whispered from the corner of a thick-lipped mouth that you had bought the jury and the state.

Suppose that you had taken a foreigner who had arrived as a tramp in the steerage of a ship and made \$300,000 for him in two years and the same foreigner turned around and sent you a cable "Don't count me in on any more of your fights."

Suppose that some managers who came to you and said: "Put this boy on in a preliminary. His family's starving"—and you not only put them on once but a dozen times until their family got so fat they had to be hauled around in a twelve-cylinder limousine and then your friends said: "He's got a monopoly. He's got the chairman of the boxing commission. We have to fight in the Garden to live and he robs us."

Supposing that you did something for your big city, got something for that city that the smartest business men and the wisest politicians had failed to land and then you heard from the alley: "He'll make \$300,000 out of the concessions. He'll make a

thur Snoddy, who got his early training down at Orange. Snoddy is one of the star performers for Rushville at forward, and ranks along with any of them in making the points, getting pep in the team and in putting up a scrappy game. This player will be lost by graduation this year, and some college will get a good prospect. This season Snoddy has made 72 field goals, and heads the list on making foul goals, scoring 31 of his chances, which is twice as many as any other player. The fans of Rushville are looking forward to see Snoddy finish his basketball career here in a blaze of glory, and he expects to shine in the game tomorrow night with Richmond. If Hittin' 'em had a picture of him, he'd let you see his smiles and his curls, but if you don't know this chap, drop in and see him play—then you are acquainted.

fortune bootlegging. He'll scalp the tickets."

Suppose that you knew a certain fight between two heavyweights could not be pulled off; that you had been told from high up to lay off it and that you made no attempt to arrange such a fight; that the manager of one of the fighters knew that it couldn't be staged, but he cut loose on you, assailed you for discriminating against his man and that the howl by the members of his race went to the legislature and nearly killed the game.

Supposing that your bitterest critic was the man for whom you had built a house and paid for it.

Supposing that all these things were true, that you figured out they were just the penalties of a funny business and went right along taking everything as it came and saying nothing—

Then you would be the gamest guy that ever lived.

DOORS TO OPEN AT 6 O'CLOCK

Three Basketball Games on Friday Night's Program

The doors for the Richmond-Rushville high school basketball game will be opened at six o'clock Friday night, it has been announced, and three games are on the schedule for the evening. The first game will be played at 6:15 between the Rushville second team and the Morristown first team, and at 7 o'clock the Columbus girls will play the Rushville girls. The big game of the evening will start at eight o'clock.

Richmond has asked for 150 tickets, and a section will be reserved for them. The visiting team comes here with the reputation of being one of the main contenders in the state, and have defeated several strong teams, and held other teams to close scores. A record crowd is expected.

EQUALS THE WORLD RECORD

Loren Murchison Runs 100 Yards in Ten Seconds

New York, Feb. 14—Loren Murchison, of the Newark Athletic Club, America's premier indoor sprinter, equalled the world's record by running 100 yards last night in ten seconds in the Samacal games at the 22nd regiment armory. Murchison ran away from Bob McAlister, former Metropolitan champion, and Bennie Webers Jr.

Joie Ray, Illinois Athletic club, America's hope for the Olympic middle distance, won the 1500 meters race in 4:04 4-5 with his team mate, Ray Watson, second.

New York—Bobby Hill Bootlegger, champion Sealham terrier from the kennel of Bayard Warren of Pride's Crossing Mass., won the award as the best dog in the country when the annual dog show closed last night in Madison Square Garden. The new all-around champion is Barberry Hill Ginrickey, a champion out of Western Wistful.

Cleveland, O.—Trek of the Indians south will begin tonight, when 18 pitchers under Scout Jack McAllister will entrain for Hot Springs, Ark., for three weeks workout before the whole team gathers at Lakeland, Fla.

Milwaukee, Wis.—After being on the short end of the count at the half, 10 to 8, and having been held to one goal from the field, the Butler College basketball team rallied in the second half and scored a 24 to 18 victory over Grinnell University at the Marquette Gym here last night. Butler started the second half with a bombardment of the basket that soon gave them the lead, while Marquette was unable to score very effectively.

Laugh
at the Hills!

Shoot the hills in an Overland! With a surge of robust power, Overland whips into action—off like a streak—carrying you up and over the top of the steepest, meanest hills. Try it out. Society Events

Mahoning Council, No. 36, will meet in the Red Men hall Friday evening. There will be a class of five candidates and a large attendance is desired.

About thirty couples attended the dance given in the K. of P. hall Wednesday evening. The McGinney Synco Four of this city furnished splendid music for the dancers.

Miss Ruth Miller of this city and Miss Esther Kinnett of Milroy went to Newcastle Wednesday evening where they attended the house party given by Miss Dorothy Kinnett.

Martha Poe Chapter, No. 143, O. E. S. will hold initiation Friday evening at the Masonic Hall. A social will follow the initiation and each one is requested to bring popcorn balls and apples.

The W. R. C. met in regular session Wednesday afternoon in the assembly room of the court house. After the impressive ceremony of draping the charter for a deceased member, a very interesting Lincoln's Day program was given.

Nineteen tables of euchre were in session Wednesday evening at the K. of C. hall, the party being given under the auspices of the girls of the Immaculate Soladity of the St. Mary's Catholic church. At the conclusion of the games sandwiches and coffee were served to the guests.

Mr. and Mrs. Wilbur Mahin entertained with a high noon dinner party today at noon at their home in North Jackson street. Covers were laid for the Rev. and Mrs. R. W. Sage, Mr. and Mrs. Arthur Proctor, of Mt. Washington, Ky., and Mr. and Mrs. Alva Hurst, living west of the city.

The Community Club was most delightfully entertained Wednesday evening in the large show room of the Knecht Garage in North Main street. Mr. and Mrs. John Knecht being host and hostess. A delicious pitch-in supper was served, and the remainder of the evening was spent in games, cards and music.

Mr. and Mrs. Glen Perkins entertained with a dinner party Sunday at their home in this city the following guests: Mr. and Mrs. Alden Roberts and children of Dunreith, Mr. and Mrs. Ace Sward of Connersville, Mr. and Mrs. Sherman Young and son Roscoe of this city and Lennie Perkins of Indianapolis.

There will be a social given at the Little Flatrock Christian church Saturday evening.

Cured His Rupture

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me, Eugene M. Pullen, Carpenter, 2714 Marcellus Avenue, Manassas, N.J. Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.

A Checking Account Is Your Protection

A Checking Account in this Bank not only protect you against burglary and loss but it is a convenient and simple bookkeeping system and an automatic receipt writer. These things cost you nothing, but what immeasurable benefits you reap therefrom. Open yours here TO-DAY.

Rushville, Indiana

House Apron

An extremely pretty house frock is made of large figured cretonne with a fitted bodice and a full skirt that will cover a good frock beyond the possibility of accidents.

were furnished each one and they were told to make an original Valentine. Some very clever and artistic ones were presented to the judges. Dan Cupid entered the room carrying a fancy basket and gave each guest an envelope containing a dissected Valentine which they were to rebuild. A "cake" contest followed this and as a closing feature, the social committee served delicious refreshments.

Mrs. Will Brann entertained the members of the Emanon Club Wednesday afternoon at her home in North Perkins street. Bridge was played during the afternoon and delicious refreshments were served by the hostess.

The regular meeting of the Delphian Society will be held Friday afternoon at the Elks club room in East Second street. All members are urged to attend.

Mrs. Mary Newbro was the leader of the Missionary meeting of the First Baptist church Wednesday afternoon, when the society was delightfully entertained at the home of Mrs. B. W. Reynolds in West Fifth street. The subject for discussion was "American Indians", and four papers were read on the subject Miss Elizabeth Stewart's paper was on "Baptist Work among the American Indians." Mrs. William Barnes talked on "The Heroine of Saddle Mountain", Mrs. R. I. Stewart's subject was "The First Fruits," and Mrs. Nora Arbuckle discussed "The Valley of the Shadow." At the conclusion of the meeting refreshments were served, the hostess being assisted by Mrs. Chester Ridout and Mrs. Roy Saunders.

The American Literary Club met at the home of Mrs. R. O. Kennedy in West Seventh street Wednesday afternoon at 2:35 o'clock. After the collect, fourteen members responded to the roll call with quotations from Abraham Lincoln. After a short business session, Mrs. Bessie Matney gave a very instructive talk on "Important Movements of Our Times", and her talk was followed by a collection of southern melodies on the piano by Miss Mildred Dungan. Mrs. Lillian Jones gave a paper entitled "The Formation of the Southern Confederacy" which was followed by a paper by Mrs. Russell Morgan on the "Principles of Abraham Lincoln". After another short business session, Miss Dungan again rendered a piano solo and as the closing feature of the meeting the hostess served delicious refreshments.

BURIAL TO BE HELD HERE
The body of Mrs. Frank Wooster, formerly of this city, who died at her home in Anderson Tuesday night, will arrive here Friday afternoon at 3:42 o'clock over the Big Four railroad and be taken directly to East Hill chapel where friends may view the remains at four o'clock. Services will be held at the late residence Friday afternoon at one o'clock.

On With the Spring Play

In Which Fashion Details Take Their Cues

SPRING COLORS

Spring is the season of freshness, of gaiety, of brightness. New Fashions are most appealing and some of the colors that emphasize the beauty and smartness of the mode are listed below.

Black
Navy
Coco
Larvin Green
Mexico
Cigarette
Poudre Blue
Hollywood
Grey and White

SPRING FABRICS

Spring has her fabrics as well as her colors and silhouettes, and when you are choosing your new spring frock, suit, wrap or coat, here is a guide to go by.

Covert Charmeen
Charmeuse
Flamingo
Satin Canton
Cubana
Roshanara
Polaire
Georgette
Swede Velour
Printed Crepes

The stage is all set. The scenery is ready. Rehearsals have been going on for months. And when the first Spring day dawns, Miss Fashion, in the role of leading lady, will open in the Spring Play. Spring style details are awaiting their cues. Realizing the importance of adopting the right fabrics to the right colors, and to the right silhouette, we know you will be doubly interested in this play.

THE THREE S'S

Short, Straight, Slender—

Shorter skirts, straight effects, long slender lines, they are still the predominating style tendencies. And whether applied to coats, suits, dresses or wraps, the smartest line is the straight line between two points.

THREE-QUARTER LENGTHS

Sponsored by Paris for several seasons, popularized by American designers this season, the fashion right coat length of the season, whether for top coat, sports coat or costume suit coat, hovers around the three-quarter and seven-eighth length.

SHOES NO LONGER A WISP OF LEATHER ATTACHED TO SOLES

By HEDDA HOYT
Fashion Editor of the U. P.
(Written for United Press)

Paris, France, February 14— "Soles for sale," last season's shoe drama, has been scratched off the fashion boards. After a long run, it has been decided that soles held together by straps had many bad lines, to say nothing of poor support.

Shoes are no longer mere wisps of leather attached to a heeled sole. Perhaps fashion is revolting against eccentric shoe styles, but more likely women are revolting against fallen arches and crippled insteps. Paris still likes the strap idea for shoes, but insists upon some arch and foot support other than the tiny vamp that just covers the big toe.

Velvet is used quite as much as satin for dressy shoes this season. Models are usually made with the medium short vamp, but with good arch support. Buckles of rhinestone and rhinestone monograms are used frequently on these dressy shoes. Patents and other leathered shoes are also to be monogrammed this year, with stenciled colors or with cut-outs.

Evening shoes can not be too glittering. There are some of silver cloth studded with rhinestones throughout; others with entire heels of rhinestones with plain metal cloth used for the rest of the shoe. Brocaded slippers still retain their popularity, but are worn only with dark colored gowns, or gowns of the same material. Silver is by far the most important shade for evening and it is always worn with the flesh or nude stocking. Both silver and gold-dipped leather is being used, although it is not as attractive as the gold or silver cloth, to my mind.

Black shoes with pipings of contrasting colors are worn with the street frock. There are black shoes with red, purple and yellow pipings that go very prettily with the colorful embroidered frock. In no instance is the coloring blatant, however.

Red, green and blue shoes such as we saw last summer will not be as popular this season as last, although for sports wear there will be shoes that use these colors, but usually in conjunction with white. Spring will see many colors, again but subdued ones, such as taupe, deer shades, light browns and dark corn collar. Sneels will be a popular feature for these colorings.

There seems to be no let up on light colored hosiery. Women have

entirely given up the black stocking. Colors that verge on peach tones are favored by the Parisians.

FASHION NOTES

Paris is wearing frocks with fringe from the knee down which carry out the flounce idea.

Summery frocks of voiles and linsens have skirts made entirely of tiny ruffles.

The newest sports cape is hand crocheted in lustered wool. A varicolored effect is produced by using rows of contrasting or blending colors with a fringe of these same tones. These capes are made on large needles and with a drop-stitch so that the effect is somewhat lacy. By knitting several rows of each different shade a striped effect is obtained.

The Spanish shawl will be used extensively for the summer evening wrap this season. It has been a popular wrap in England for years, but has never met with much success in America.

COULD NOT WALK BECAUSE OF PAIN

Bad Case of Woman's Illness Remedied by Lydia E. Pinkham's Vegetable Compound

St. Louis, Missouri.—"I had such a bad case of female trouble that I could not walk because of the pains from inflammation. My back was all done up. I could hardly bend, could not go up stairs because of weakness, and no one could possibly be in worse shape than I was. I have taken twelve bottles of Lydia E. Pinkham's Vegetable Compound.

Letters like this bring out the merit of Lydia E. Pinkham's Vegetable Compound. They tell of the relief from such pains and ailments after taking Lydia E. Pinkham's Vegetable Compound. In a recent country-wide canvass of purchasers of Lydia E. Pinkham's Vegetable Compound, 98 out of every 100 report they were benefited by its use. For sale by druggists everywhere.

INDUSTRIAL MEN ARE OPTIMISTIC

Believe Reduction in Commercial Loans Will Establish More Conservative Business Principles

REFLECTED IN STEEL MARKET

Indications Are End of 1924 Will Reveal Settling Back to Condition of "Normalcy"

By BRUCE SHORT
President, The Engineering Sales Corporation
(Written for United Press)
Indianapolis, Feb. 14—Statements of prominent Indianapolis bankers

Gains 36 Lbs.

Powell says Tanlac not only increased his weight. But also put him back on job feeling fine

"Tanalac increased my weight thirty-six pounds and put me back on my job feeling fine," declares Allen M. Powell, electrician, 202 West Worthington St., Fort Wayne, Ind.

"Three years ago I met with an accident, and blood poisoning developed which laid me up for sixteen weeks and just about wrecked my nervous system. Some time after getting out of bed I attempted to go back to work, but had to give it up for another month on account of nervous indigestion, constipation and general weakness.

"Tanalac put new strength and vigor into my whole body by making me eat plentifully and improving my digestion and liver action, and I have been in splendid health ever since. Tanlac is a world-beater."

Tanalac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

Take Tanlac Vegetable Pills.

Freckles and His Friends

Jay Is a Hopeless Case

By Blosser

that commercial loans in Indiana during 1924 will "be marked by a notable reduction" have inspired industrial leaders here with a spirit of confidence rather than a fear of depression.

Their optimism is based on the knowledge that a reduction in commercial loans at this time will be for establishment of more conservative business principles.

The establishment of conservative principles is in line with the effort of all enterprises to go through the climax of postwar adjustment without serious impairment. It is a well known fact that the present time is such as to require readjustment to meet changing conditions, to meet the keenest of competition which results from a well-defined buyers' strike.

The soundness and truth of the bankers' prediction and the wisdom of the optimistic reaction to it is reflected in the steel market by a strong undertone and by volume buying.

Indications are that the end of 1924 will see a fair volume of business having been transacted—not on a par with the record of 1923 but sufficient to reveal a settling back to the much heralded condition of "normalcy". It will not be a pre-war normalcy, but the increased volume that would naturally be expected in the normal growth from the pre-war period to the present day.

There are indications that the present business year will be one of normal tendencies, rather than of a spasmodic nature, so far as domestic affairs are concerned. Settlement of some difficult commercial problems overseas would aid in making conditions more favorable here, seems to be the general belief among business men.

The iron and steel situation, usually considered a barometer of the

trend of business, indicates a promising future.

TWO-THIRDS MINES OPEN

Clinton, Ind., Feb. 14—Twenty of the 30 mines in the Clinton field are now active, according to D. F. Walker, secretary of the chamber of commerce here. The 5,225 men employed in the mines are working an average of 4.9 days a week. However, 2,275 men are still unemployed, Walker said.

NOTICE OF FINAL SETTLEMENT OF ESTATE

Notice is hereby given to the creditors, heirs and legatees of John F. George, deceased, to appear in the Rush Circuit Court, held at Rushville, Ind., on the 7th day of March, 1924, and show cause, if any, why Final Settlement Accounts with the estate of said decedent should not be approved; and said heirs are notified to then and there make proof of heirship, and receive their distributive shares.

Witness, the Clerk of said Court, this 13th day of February, 1924.

LOREN MARTIN,
Clerk Rush Circuit Court.

The Flu and You

Chiropractic Health Talk — No. 52
By H. V. McCully, D. C., Ph. C.

We are now starting in the period of the year when Colds, Flu and Pneumonia are most common.

If poisons and toxins are staying in the body due to weakened liver, kidney and bowel action, then nature must do something to get rid of them.

A fever is the adaptative action to accomplish this end and gives rise to the condition of so called Flu.

If the lungs are not receiving their full amount of Life Force their resistance is below par and they are not capable of carrying on the excess work thrown upon them at this time. Congestion takes place and so called Pneumonia is the result.

It is well to remember that the record in the Influenza epidemic showed but one death in every 886 patients given Chiropractic Spinal Adjustments.

Chiropractic drives right at the cause and that is the reason its patients recover.

There is no substitute for our Chiropractic Adjustments to take care of the above conditions.

Given Up to Die

"My boy was having hemorrhages every three minutes. The case had become worse and was now pneumonia and physicians said the entire left lung had filled up. In the emergency I went for the chiropractor in my car and brought him back. Before the first chiropractic spinal adjustment was given, the hemorrhages were coming every minute, and the congestion had started in the right lung. But the hemorrhages were stopped almost immediately. The breathing became easier. As the days went by the boy became stronger and he was soon able to take a ride with me. He fully recovered and today is sturdy and strong with no hint of lung weakness."—A. F. Slingerland, Chiropractic Research Bureau, Statement No. 1343C.

"Experimental Marriage"

In "Experimental Marriage," coming to the Castle theatre next Thursday, Friday and Saturday Constance Talmadge tries out a unique scheme. As "Suzanna Erroll," Constance promises to marry her sweetheart if he will allow her to pursue her club career for a goodly part of the week without masculine interference. Now "Foxy," the man in the case, is awfully sweet on Suzanne and he promises to be good from Saturday to Monday. What happens during the rest of the week? Ah, yes, in lead, what?

Ever since Fannie Hurst, the famous short story writer married on the "week-end" plan, there has been a great deal of discussion for an against. Does it really help a woman in her career to be married part of the time instead of over-time? "Experimental Marriage" carries the answer in no unmistakable terms.

As Suzanne Constance Talmadge does a breezy bit of acting. Always alert and graceful, Miss Talmadge has a sense of humor that is not surpassed on the screen. In this case she has sore need of that humor, for the complications that arise out of her "Saturday to Monday" marriage are not exactly unruffled and calm. As the "Saturday to Monday" husband, Harrison Ford has a part that gives him ample opportunity to present his talents at their best.

"Experimental Marriage" is a picture that moves every moment and inch, and in it, Constance Talmadge shines like the bright star she is.

Bebe Daniels at Princess

Not long ago Delmonico's, New York's far-famed restaurant, went under the auctioneer's hammer, but those who have not had the pleasure of eating there will have a chance to see it in Sam Wood's Paramount picture production of Arthur Train's story, "His Children's Children," which will be shown at the Princess theatre today. Bebe Daniels, Dorothy Mackaill, James Rennie and George Fawcett are featured.

Reproductions of the Palm room and the Fifth Avenue room, which was the main dining room, were built at the studio for luncheon scenes in the picture. Not only have the interiors of the room been copied exactly, but much of the furniture, dishes and silverware which was sold at auction were used in the scenes. In fact, the art department and the property men constructed a setting and gathered the furnishings for the Delmonico scenes that will bring back memories to New York's "bon vivants," and will satisfy the desires of those throughout the country who have heard of Delmonico's, but never have had the opportunity to test its cuisine to see what the famous restaurant looked like.

Even the familiar faces of the old Delmonico waiters will be seen in the picture. The head waiter and his

PIMPLY? WELL, DON'T BE

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 15c and 30c.

They Paid \$200,000,000 for Studebaker cars last year

Find out why folks did it

LAST year 145,000 people paid over \$200,000,000 for Studebaker cars.

The demand for these cars has almost trebled in three years. It has become the sensation of Motordom.

There is a new situation in the fine-car field. You should learn what it means to you.

Studebaker had to lead in this field. This concern has led in its lines for two generations. Any other place would be unfitting.

This is how we became the world's largest builders of quality cars.

\$90,000,000 assets

Studebaker has \$90,000,000 of assets. Of this \$50,000,000 is invested in modern plants and equipment.

We have spent \$32,000,000 for new plants and equipment during the last five years. So they are modern and efficient. They contain 12,500 up-to-date machines.

We have \$8,000,000 in drop forge plants, \$10,000,000 more in body plants. So we build complete cars without paying other makers profits.

We spend \$500,000 yearly on an engineering staff. There are 125 skilled men employed in our department of Research and Experiment. They make 500,000 tests per year.

We employ 1,200 inspectors. Each Studebaker car must pass 30,000 inspections during manu-

Then on some steels we pay makers a 15 per cent bonus to insure exactness in them.

Every Studebaker car is Timken-equipped. The Special-Six and the Big-Six have more Timken bearings than any car selling under \$5,600 in America.

The Light-Six more than any competitive car within \$1,000 of its price.

We use genuine leather upholstery.

We use Chase-Mohair for the closed car upholstery. Some good upholstery would cost \$100 less.

To curb vibration, we machine all surfaces of crank shafts, as was done in Liberty Airplane Motors. Very few cars do that.

How such prices?

How can we give such extra values—scores of them—yet sell at our low prices?

Because these values brought us buyers—145,000 last year. The major extra costs are divided by enormous output.

Let us show you the extras you get, because of these matchless facilities.

Learn Why 145,162 Bought Studebakers in 1923.

Studebakers hold the top place in the fine car field today.

In 1919, the public paid over \$80,000,000 for 39,356 Studebaker cars.

In 1920, the public paid over \$100,000,000 for 51,474 Studebaker cars, an increase of 31% over 1919.

In 1921, the public paid over \$120,000,000 for 66,643 Studebaker cars, an increase of 29% over 1920.

In 1922, the public paid over \$155,000,000 for 110,269 Studebaker cars, an increase of 66% over 1921.

In 1923, the public paid over \$201,000,000 for 145,162 Studebaker cars, an increase of 32% over 1922.

In 1924, business has opened with Studebaker as never before.

Learn why all these buyers preferred Studebakers.

facture before it leaves the factory.

Those enormous facilities enabled us to produce the utmost in a car. And we had the will to do it.

No stinted costs

We never stint on costs. Every steel used is the best steel for its purpose, regardless of the price.

WHY YOU SAVE BY TRADING AT THIS STORE.

Because we sell only the best of food stuffs. Because the prices we charge are no greater and often lower than many stores ask for inferior goods. Isn't that reason enough why YOU should buy your groceries from us. For some reason, strange as it seems, ladies are buying hair nets at grocery stores. On account of this growing demand we now have in stock the Gracenet, a splendid double-mesh net which we sell for 9c each.

On account of the high prices asked last June we did not contract for our usual supply of mammoth cheese. All winter folks have been asking when we would have a "big cheese." We now have one on sale, a genuine New York full cream, one that lovers of good cheese will appreciate, neither too sharp or too mild, just exactly right.

Maple syrup time will soon be here. We have the pure old fashioned buck wheat flour that is necessary to make good buckwheat cakes — 5 pounds 35c.

KINDLY KEEP KOMING

LEARN DAUGHERTY APPROVED LEASES

Senate Oil Investigators Informed
Opinion Was in Face of Legal
View They Were Absurd

DEVELOP OTHER TESTIMONY

Leasing of Teapot Dome Kept Secret
Under Instruction of Former Sec-
retary Fall

(By United Press)

Washington, Feb. 14—Postponing until tomorrow the questioning of Frank A. Vanderlip, New York financier, regarding his statement that the late President Harding's sale of the Marion Star ought to be investigated, the senate Teapot Dome committee today got testimony which showed:

That Attorney General Daugherty gave "informal and verbal" approval to the naval oil leases and contracts for exchanging oil for storage under which Doheny and Sinclair got the oil leases.

That Daugherty's opinion was given in the face of a written opinion from a standard oil lawyer that the proposed leasing plan was "absurd" and illegal.

That Fall knew of the Standard Oil lawyer's opinion, but did not think it necessary to ask a formal opinion from Daugherty.

That under instructions from former Secretary Fall, the leasing of Teapot Dome was kept a secret, or ders being issued to all in the Interior department to give out no information.

That Fall promised to see that Sinclair "took care of" John Shaffer, owner of the Indianapolis Star, the Muncie Star and several other newspapers, who claims an interest in the Pioneer Oil company's rights to Teapot Dome.

That Shaffer has obtained \$92,000 from Sinclair under an agreement growing out of his claim.

Former Secretary Fall knew the proposed payment of naval oil storage tank construction had been held illegal when he made the arrangement with E. L. Doheny, Arthur L. Sutro, told the committee today.

Sutro, in an opinion to his company, which was found in the interior files ruled the proposed exchange of oil for storage was an absurdity under the law, and that the act of 1920 gave the secretary of the navy no power to do this.

He said Assistant Secretary of the Interior Finney told him Fall did not consider it necessary to get a ruling from attorney General Daugherty on this point.

Sutro asked permission to produce a transcript of hearings conducted Continued on Page Three

OWNERS OF MARION STAR SEEK HEARING

Speeding to Washington to Demand
Right to Reply to Attack by Frank
A. Vanderlip

"VENOMOUS," THEY ASSERT

Cleveland, O., Feb. 14—While Ohioans awaited today with abated breath the testimony of Frank A. Vanderlip, New York financier, before the senate investigating committee, Louis H. Brush, Salem, Ohio, and Roy B. Moore, Columbus, Ohio, owners of the Marion Star, were speeding to Washington to request a hearing before the committee on Vanderlip's sensational suggestion that an investigation be conducted into the sale of the late President Harding's paper.

Vanderlip's speech at Ossining, N. Y., in which he said that the sale of the Star "for \$550,000 to two young men of no financial standing," was branded by Brush as "venomous" and "absolutely false."

Brush and Moore left Cleveland at midnight for Washington to be "ready to give the senate investigating committee any information it may want." They declared they would fight "any attempt to implicate the late President Harding with the Teapot Dome scandal."

"The actual purchase price of the Marion Star, including every share of stock was \$380,00, they said.

PROPOSES ALIEN EMBARGO

Imperial Wizard of Ku Klux Klan
Speaks in Indianapolis

Indianapolis, Feb. 14—An "embargo" on every alien not in harmony with the national ideals of the United States was urged by Dr. H. W. Evans, imperial wizard of the Ku Klux Klan, in a speech to a gathering of klansmen in Cadie tabernacle here last.

"Let immigration of every undesirable type be stopped, completely stopped," he said, "until our illiteracy and internal strife can be superseded by unselfish patriotism."

Dr. Evans denounced the "professional politicians of the country, the press that 'spawns prejudice instead of news,' and took a fling at the churches, many of which, he said, are only bickering centers and sources of endless controversy.

WASHINGTON IS MAD WITH RUMORS

Every Man in Public Life Who Ever
Bought Share of Oil Stock Afraid
Name Will Be Drawn In

1924 CAMPAIGN TOPSY-TURVY

No Outstanding Figure Will Escape
Unsmirched by Irresponsible Lies
And Inquendo

By LAWRENCE MARTIN

(Copyright, 1924, by U. P.)

Washington, Feb. 14—Washington is rumor mad and politicians are literally hysterical with fright.

Every man in public life who ever bought a share of oil stock is afraid his name will be dragged into the Teapot Dome scandal. Men who had more damaging connections with the leading figures in the case are waiting in a sort of numb terror for the blow to fall on them.

The result is that the whole 1924 campaign has been turned topsy-turvy.

Wm. G. McAdoo, drawn suddenly into the oil picture in a way that threatened to smash irretrievably his presidential aspirations, will try to turn the scandal to his advantage. He has summoned to his standard all, regardless of party, who feel so outraged by the senate revelations that they are grumpy of a third party and La Follette for President.

McAdoo will put his fate to the test at a conference in Chicago February 18. Having explained in vigorous language that his connection Continued on Page Three

M'ADOO FOLLOWERS TO CONFER ON CANDIDACY

Will Determine Next Monday Whether
He Shall Stay in Race For
Democratic Nomination

M'ADOO IS SEEKING ADVICE

Chicago, Feb. 14—Whether Wm. Gibbs McAdoo shall stay in the presidential race will be determined at a conference here next Monday of McAdoo supporters and others outside of the party.

McAdoo-for-President headquarters here announced that in addition to McAdoo supporters, a call has been made for "representative progressives outside the Democratic party, representatives of labor and farmers and other liberals."

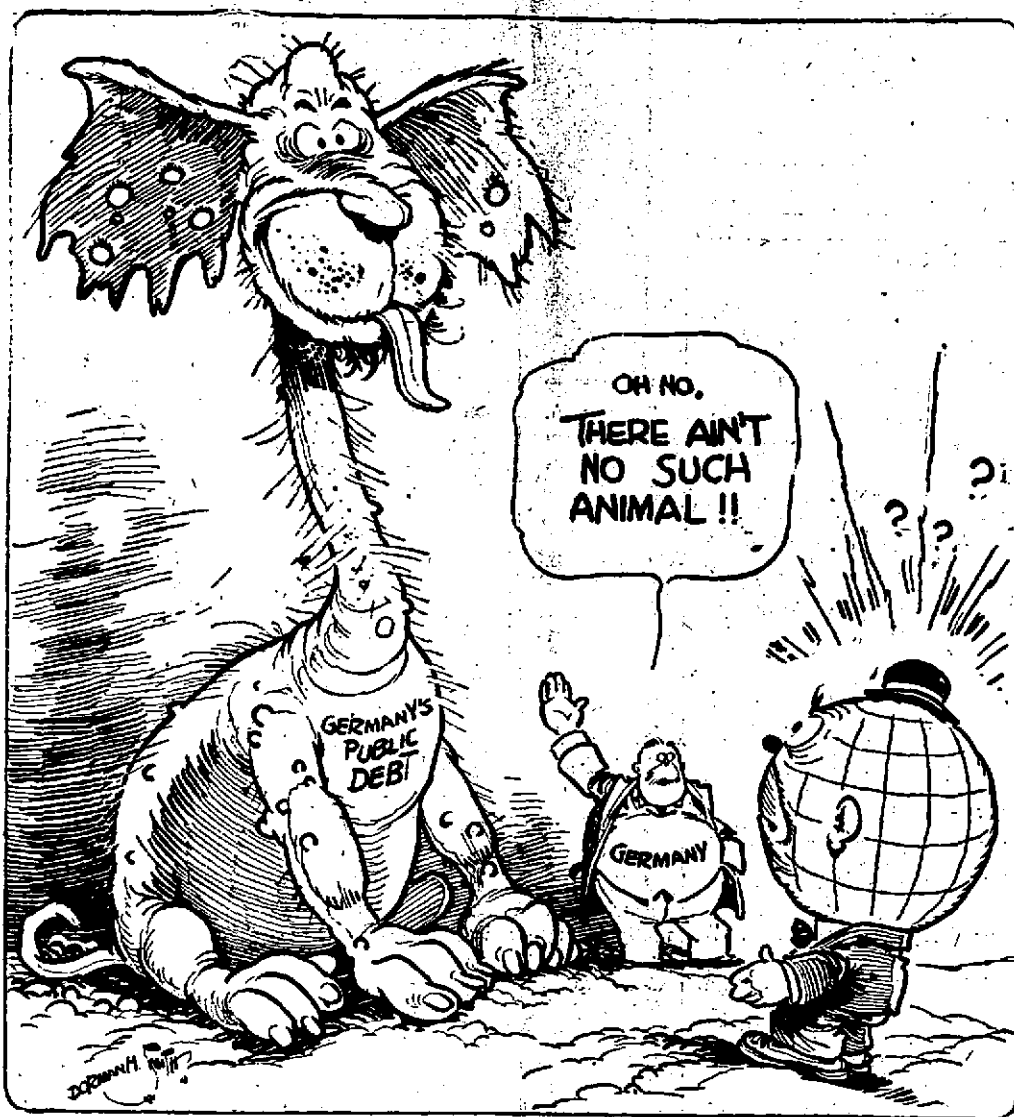

This action followed the decision of McAdoo to ask his followers to decide whether he is still available now that his name is involved in the Teapot Dome scandal hearings.

Under the signature of David L. Rockwell, McAdoo's campaign manager, the headquarters drafted a letter to McAdoo stating in part:

"Obedient to your suggestion, I am calling a conference in Chicago for February 18, to which I propose to invite, in addition to representative men and women leaders in the McAdoo movement over the nation, representatives of labor, farmers and other progressives.

"This is the most daring, direct and courageous step ever taken by any presidential candidate. I know, of course, that you are prepared to abide by the result."

AND THAT'S THAT

SOME FACTS ABOUT SCOUTING

Every Scout when he enters the movement takes the Scout Oath which is as follows:

On my honor I will do my best:
1. To do my duty to God and to my Country, and to obey the Scout Laws!

2. To help other people at all times;
3. To keep myself physically strong, mentally awake and morally straight.

When taking this oath the Scout will stand holding up his right hand palm to the front thumb resting on the nail of the little finger and the other three fingers upright and together.

The position of the hand just described for taking the Scout oath is the Scout Sign. The three fingers held up remind him of his three promises in the Scout Oath.

When the three fingers thus held are raised to the brim of the hat over the right temple it is the Scout Salute.

The Scout should always salute the Scout officials when appearing in uniform.

The motto of the Boy Scout is Be Prepared which means that the

Scout is always in a state of readiness in mind and body to do his duty and meet any emergency.

The three classes of Scouts are Tenderfoot, Second Class and First Class. To receive these ranking he must meet certain specified requirements as set forth by the National Headquarters of the Boy Scouts of America. He receives these ranking by taking the examinations sent out and explained in the Boy Scout Handbook.

INDUSTRIAL BOARD HOLDS HEARING HERE

Evidence in Two Cases For Compensation
Is Heard and Third One Is
Postponed

TWO AGAINST CARTHAGE CO.

The state industrial board was represented here this morning in hearing two cases filed under the workmen's compensation law, growing out of alleged injuries sustained while performing work for employers.

One case heard this morning was by Walter Mann against the American Paper Products Company of Carthage in which the petitioner is attempting to recover for the loss of an eye. His claim is for 150 weeks, and aggregates a sum of money approximately \$1,700.

In another case the heirs of Frank Gilson were heard in their petition against Bert Ormes, in which it was charged that the deceased, Frank Gilson, was in the employ of Bert Orme as a taxi driver, and suffered the loss of a thumb due to an accident. In this petition, 60 weeks compensation, totalling about \$600, is demanded.

No decision in the cases was made, and the facts presented to the board were taken under advisement and a report will be made in the near future.

In the case of Orville Masters against the American Paper Products company, Judge Riley suggested that the hearing be postponed until Mr. Master's fingers were healed further. He was injured while working in the Carthage plant.

ONE DEATH IN FIRE

Cairo, Ill., Feb. 14—One death and damage estimated at one million dollars was caused today by a fire which destroyed completely the Mengel Box plant at Hickman, Ky., according to meagre advices here.

CHANGE TAKEN IN ALIENATION SUIT

Case of Edna Miller Against Her
Father-in-law, Burton Miller, Sent
To Henry County

PLAINTIFF WON JUDGMENT

Judge Sparks Overrules Motion to
Quash Indictments Against Bert
Hankins and Otis Ryan

A change of venue has been taken in the alienation of affections case of Edna Miller against her father-in-law, Burton Miller, and the case was sent to Henry county for trial by Special Judge John Craig of Greensburg, who recently assumed local jurisdiction in the case.

The suit was tried here a year ago. The plaintiff was given \$4,500 judgment and the court granted the defendant a new trial on grounds that the jury erred in its decision, and the plaintiff was later given the change of judge. Today the defense filed the motion for the change from the county. The case had been set for trial next Monday.

The jury which was called for the trial today of the New Salem State Bank against William E. Scott, a complaint on a note, was not used, when the parties effected a compromise and the case was settled without coming to trial.

Judge Sparks this morning overruled the motion to quash the affidavit against Bert Hankins and Otis Ryan, each charged jointly with encouraging delinquency, and the two men will face trial on the charge in a few days.

One new case has been filed in the circuit court, being a divorce complaint. Continued on Page Three

BIRTHDAY COMMEMORATED

Samuel L. Trabue Makes Lincoln
Day Speech Before Kiwanians

Lincoln's birthday anniversary was commemorated today at the weekly luncheon of the Kiwanis Club, and the address for the occasion was delivered by Samuel L. Trabue, local attorney.

A varied program also was given at the meeting today, which included numbers by Miss Brenda Kinsinger, pianist; vocal solos by Miss Irene Reardon, and several readings by Miss Lavienna Compton, all of which was greatly applauded and appreciated by the club members.

BANKERS ARE WITNESSES

Before Federal Grand Jury in McCray
Investigation

Indianapolis, Ind., Feb. 14—Indianapolis bankers were in the spot light today in the federal grand jury investigation of Governor McCray's affairs.

A dozen Indianapolis bank officials representing every institution with which the governor has had business relations went before the grand jury. Although the investigation will probably be completed this week, it is not likely that the grand jury will make its report before February 25.

About fifty more witnesses remain to be heard, it was stated.

BOYS PROGRAM TO OPEN FRIDAY

Fellowship Campaign Closing Sunday
Night in Charge of Seven I.
U. Students

MEETINGS DAY AND NIGHT

Business Men's Luncheon Saturday
Noon and Mass Meeting for Men
and Boys Sunday

The program was announced today for the Fellowship campaign among the boys of Rushville, which will open Friday afternoon with a meeting at the Graham high school assembly and close with a mass meeting for every one at the Main Street Christian church Sunday evening at seven o'clock.

The campaign will be in charge of seven Indiana university students and R. J. Duke of the state Y. M. C. A. and consist of almost continuous sessions, during which the student Y. M. C. A. workers will practically live with the boys.

Boys under the high school age will be included, for a mass meeting of Boy Scouts will be held at the court house assembly room Saturday afternoon at three o'clock.

The visiting students will have charge of a "pop" meeting previous to the Richmond basketball game Friday night. The team will be entertained at dinner before the game.

A luncheon session for business men is scheduled for Saturday noon in the basement of the First Presbyterian church and Sunday afternoon's session is for both men and boys. The program follows:

"BLOSSOM TIME" FOR POLITICAL CANDIDATES

Many Expected to Toss Their Hats
Into Ring Before Time For Filing
Declarations March 7

PRIMARY FALLS ON MAY 4

Candidates for office are expected to begin "blossoming" very soon under the influence of a warm sun and much talk regarding the coming primary.

Although candidates are not permitted to file their declarations to become candidates before Friday, March 7, under the state-wide primary law, there is no law to prevent them from making their announcements through the newspapers.

The law provides that candidates may file their declarations with the clerk of the court any time within thirty days, beginning March 7, and that the primary shall be held the first Monday in May, which falls on the fourth day of the month this year.

Considerable discussion is being heard regarding candidates for nomination for county offices on both the republican and democratic tickets. The lines are being drawn closer and some of the men who have been talking with their friends regarding the advisability of their entering the race are expected to toss their hats into the ring in the not far distant future.

DECIDES TO ASK AN ENDORSEMENT

Resolutions Committee of Democratic
State Editorial Association Reaches
Decision

WILL BE PRESENTED TONIGHT

Other Resolutions To Deal With
State Administration And Deaths
of Two Former Presidents

(By United Press)

Indianapolis, Ind., Feb. 14—A definite decision to present to the annual banquet of the Democratic state editorial association at the Claypool hotel tonight, a resolution endorsing Samuel M. Ralston for the Democratic nomination for president, was reached today at a meeting of the resolutions committee of the association.

Discussion in the meeting centered on Ralston's speech on taxes before the senate Thursday and the possible effect it would have on his prospects as a possible candidate.

Other resolutions will discuss the state administration and others will express the regret on the death of Woodrow Wilson and Warren G. Harding.

John S. Mitchell of Greenfield succeeded George Parcell of Vincennes as president. Other officers are: John O. Gorman, Princeton, vice president; Thomas McCulloch, Anderson, second vice president; Park Beadle, Rockville, secretary and John DePrez, Shelbyville, treasurer.

It has been the rule of the association not to endorse candidates but many editors were seeking to have this rule regarded in the present case.

Ralston, however, still insists he is not a candidate and there is some feeling that a resolution by the editors would embarrass him.

The maiden speech of Ralston's in the senate yesterday in which he attacked the Mellon tax reduction plan, was the topic of much comment among the editors.

Ralston was due to arrive today from Washington, and he will be one of the speakers at the banquet tonight which will close the midwinter meeting of the association.

Other speakers at the banquet tonight will be Mrs. James R. Riggs, of Sullivan; Homer Cummings, of

LEADER OF HERRIN RAIDS TO BE ARRESTED

Glenn Young Accused in Indictment
of Destroying Property During
Booze War

MAYOR OF HERRIN RELEASED

(By United Press)

Herrin, Ill., Feb. 14—S. Glenn Young, leader of the Ku Klux Klan booze raids in Williamson county will be arrested today, authorities announced following his indictment on charges of destroying property in his raids. Forty seven other indictments returned by the grand jury name many of Young's aides.

Sheriff George Galligan, arrested and held prisoner by Young on charges of complicity in the murder of Constable Caesar Cagle, was released when the coroner's jury found him not guilty.

Galligan took over the office of sheriff again today.

A. C. Anderson, Mayor of Herrin, arrested with Galligan on a similar charge was also released.

Chicago, Feb. 14—The federal government today took a hand in the troublesome Williamson County Illinois, where "dry" Ku Klux Klan and "wet" anti-Klan forces have been at war for supremacy.

Attorney Cavanaugh of the Washington office of the prohibition department left here for Herrin, center of the booze war, armed with affidavits to close 123 liquor establishments in Williamson county. Signatures will be obtained at Herrin and Marion, county seat, and the cases will be prosecuted at East St. Louis, Cavanaugh indicated.

The affidavits were drawn up here on evidence obtained by S. Glenn Young, "two gun" leader of the dry forces.

The Value of Your Suit Is in the Service it Gives

To make your suit give good service, have it cleaned and pressed often. The cost is comparatively small to the benefit derived.

Your suit or other clothing will last twice as long at very much less than twice the cost.

WARDENS ARREST

157 IN DECEMBER

Directly Brought About Conviction of 150 Persons For Violating Fish And Game Laws

COSTS AMOUNTED TO \$2,960

Indianapolis, Ind., Feb. 5—Game wardens made 157 arrests and directly brought about the conviction of 150 persons for violating fish and game laws during December, Richard Lieber, conservation director for Indiana, reports. Costs to convicted violators was \$2,960.85.

In view of the fact that 179 persons were arrested and 172 convicted in December 1922, Mr. Lieber points out that the persistent efforts of an organized and efficient warden service is having the desired result of discouraging repeated law violations.

Reports to conservation officials show that large numbers of quail and rabbits escaped the open hunting season and are now left to reproduce their kind for next season's shooting. Excellent fishing and hunting is contributing its annual quota of "wealth" to the state, for aside from local or resident patrons of the sport, hundreds of out-state residents are attracted, take out licenses and spend large sums of money during their visits. The division is now completing a survey of the game birds of the state, a work that will be of great interest at large.

STATE WHEAT POOL

CAMPAIGN BOOMING

Many Elevator Men Offer Lease of Elevators to Farm Federation if Wheat Pool Goes Through

TO CANVASS EACH COUNTY

Indianapolis, Ind., Feb. 14—Things are booming for the Indiana Farm Bureau Federation in its campaign to form a wheat pool among farmers of the State.

Many elevator men over the State have offered to lease or rent their grain elevators to the federation should the wheat pool go through, according to federation officials.

According to plans of the federation, every county will be canvassed for wheat pool contracts on March 12.

Speaking dates have been arranged for many of the cities and towns over the state.

Walter Petzet, Chicago, secretary of the Farmers' Cooperative association, has arranged to appear through the state at the following places on the dates indicated: Laporte, Feb. 18; Plymouth, Feb. 29; Logansport and Delphi Feb. 20; Frankfort and Lebanon, Feb. 21; Crawfordsville, Feb. 22; and Anderson, Feb. 23.

BIRTHS

A baby boy weighing eight pounds was born to the wife of Frank Wooster Tuesday at a hospital in Columbus, O., and has been named Frank Chase. Mr. and Mrs. Wooster live at Cardington, O., and Mr. Wooster was formerly a resident of this city.

DOLLINGS' AGENT ARRESTED

Portland, Ind., Feb. 14—Orville Easterday, county Dollings representative, has surrendered to the sheriff, following indictment by the Jay county grand jury. He furnished bond of \$2,000. Easterday is the first of twenty-seven indicted to submit to arrest.

Dark Rings Under Eyes

For the relief of dark rings and blood shot eyes there is nothing better than simple camphor, witchhazel, hydrastis, etc., as mixed in Lavoptik eye wash. The quick action is surprising. Eye cup free. Hargrove and Brown druggists.

LEARN DAUGHERTY
APPROVED LEASESContinued from Page One
by Fall regarding legality of the leases.

The transcript showed five government officials took part in the discussion and knew all about the leases "notwithstanding contrary testimony given to this committee," Sutor said. John Holland, secretary to Senator Walsh, who has been making an investigation of records in the interior department, produced correspondence showing Fall knew of Sutor's opinion and disregarded it.

Frank A. Vanderlip, New York financier, faced stern examination by the committee this morning on his statement that sale of the Marion Star by the late President Harding should be investigated.

The committee will call on Vanderlip to tell whether this statement was based on information indicating some connection between sale of the Star and the oil leasing scandal or merely upon rumor and gossip. Vanderlip already has indicated he has not definite information.

Vanderlip, in a speech at Ossining, N. Y., not only drew Mr. Harding's name into the inquiry, but assailed Attorney General Daugherty. Senator Reed of Missouri and others said there should be a wholesale house cleaning in Washington.

Louis Brush, who bought the Marion Star, wired the committee today as follows:

"Roy D. Moore and I will be in Washington Friday and request that either or both of us be permitted to tell the senate oil investigation committee what we know relative to the purchase of Mr. Harding's paper."

WASHINGTON IS
MAD WITH RUMORSContinued from Page One
with E. L. Doherty had no reference to the oil leases, he is confident today not only that his Democratic followers will reaffirm their faith, but that new adherents will flock to him.

The truth of the situation is that no outstanding figure in politics today will escape unscathed by the unrestrained, irresponsible irrational lies, gossip and innuendo which literally runs riot. As the campaign progresses this sort of thing will grow worse instead of better.

War Substitutes in Bread?

Indianapolis, Ind., Feb. 14—"In some cases I believe war substitutes are still being used in bread," declared Mrs. W. H. Hert, president of the Indianapolis Housewives' league, in commenting on charges made in Washington that a bread trust is robbing American homes of \$1,000,000 a day.

"Maybe an investigation will help, but it looks like the trust organization is air tight."

FURNITURE STORE TO OPEN

A new furniture store is to be opened soon in Rushville, according to an announcement made today by George L. Todd of this city, who was formerly in business here. The two stores owned by Mr. Todd in Morristown and Carthage are being moved here, and the Offutt building, 115 East First street, is to be the location for the store here. The firm will be known as the George L. Todd and Company, and will be ready for business in a few days, Mr. Todd announced.

The Happy Home
Steam Washing Machine
At Our Store Saturday, Feb. 16, 1924.The Greatest Labor Saver Ever
Invented For Women
No Home Complete Without It12 to 17 Sheets Washed at One Time
A Washing in One Hour

No labor, no rubbing, no wash board or chemicals used. Any 12-year-old child can operate the Happy Home Washing Machine. Works exactly like the large commercial laundry machines in the cities. It is a veritable little laundry machine made small enough for use in your homes. Large enough for any private family or hotel. While it only weighs 25 pounds, and only uses 4 gallons of water—think of the saving in carrying and heating water by using The Happy Home. It can be used on any cook stove or hot plate; it will wash more clothes at one time than any single tub washer made for family use, washing from 12 to 17 sheets at one cylinder full. It does away with the WASHBOARD and BOILER and washes anything from the finest lace curtains, feather pillows, blankets, quilts, comforts to the dirtiest rag rugs and overalls.

THURSDAY, FEBRUARY 14, 1924

Be sure your sin will find you out.
—Numbers 32: 23.**Rush County Land Values**

Rush county land values have fallen in the postwar decrease of farm products prices until they are far below what they should be and what farms are selling for in other counties of Indiana, and in other states.

This situation can be explained only by the mental attitude of Rush county people. They have been "viewing with alarm" for so long that they have come to the conclusion that everything has gone to the eternal how-ayows.

This psychological condition has had its effect on the price of farm property. It has driven prices to a point where outside buyers have begun to come into Rush county to invest in rural real estate, realizing that it is selling cheap and that they can sell at a profit at a not far distant date.

A farm in southern Rush county sold not long ago to an Oklahoma man and a few days ago an Indianapolis man bought two choice farms near Rushville at about half what they would have brought during the boom days of 1919 and 1920.

The time has come when farmers and others will have to awaken to the fact that Rush county land is far

too cheap and that it will not come into its own again until a more optimistic outlook prevails among Rush county people.

Florida has some advantages over Indiana, but the advantages Indiana has over Florida far outweigh them. California has sunshine and air (all of the warm variety) but that's about all.

Florida and California have been advertising these things all over the United States. Every time a Hoosier or people from other states get within their confines, the natives of Florida and California fill their guests full of the advantages of the climate. The stranger believes it because that is all he hears. And when he leaves, converted, he becomes a missionary. Hence the widespread belief that Florida and California are the garden spots of the world.

We have the best soil for diversified farming of any county in the United States. We raise more hogs than any county in the United States. There is no reason why rich, black Rush county land should not sell for much more money than the yellow clay of Illinois, the arid deserts of the southwest, the rocky hills and dunes of the New England states or the boggy wastes of the south.

The principal thing for the people of Rush county to get indelibly impressed on their minds is that these things are FACTS. The next thing to do is to begin talking about them, not only to your neighbors but to everyone else. Broadcast the fact that Rush county land is GOOD land, that there is none better and that it is worth much more than it is selling for.

When a man buys a farm for a good price, don't predict failure for him. Boost for him and help give him a cheerful outlook. We can't pull ourselves out by our bootstraps, but we can give ourselves a mighty fine start.

Let's resolve to begin boosting today for the price of Rush county land is going to come back—is coming back already.

Being Independent

No man can go through life living entirely independent of others with whom he is thrown in daily contact.

No woman can live sufficiently alone in our present complex civilization to be wholly independent of her neighbors or friends.

Yet we find men and women who take the attitude that whatever they do concerns no one else and who believe that they should be permitted to follow solely the dictates of their own judgment.

When a reformer or radical agitator starts out to rule the world, he finds certain established rules and practices developed because of the inborn traits of human nature, and he can not do just as he pleases.

Individuals find themselves in the same plight when they attempt to go their own way without regard for the rights or wishes of others.

Adopting a policy of respecting the opinion of others, and at the same time being firm in their own convictions, need not crush initiative or kill ambition.

Some of the most courteous people are at the same time the most pronounced in their own views, yet they do not attempt to enforce them on others, neither do they try to travel their willful way through life, crushing and stamping out all who disagree with them.

Human rights are human rights, the world around, whether it be in the seats of the mighty or the humblest homes of the smallest community.

And where human rights are respected and where people are friendly and considerate of others—that's where we like to live.

That's the kind of a place that attracts desirable people and that's the kind of a place we all want to make our home communities.

Praise-Criticism-Suggestions-Contributions

Letters to the Editor

PRICE FIXING

Price-fixing implies cooperation. There can be no price-fixing without cooperation; and there can be no cooperation without organization. Organization of the farming industry—if there were no opposition—is the most difficult undertaking of its kind that was ever attempted; and the Farm Bureau is the best stagger to date. WE SCOLD OUR FRIENDS, NOT BECAUSE WE HATE THEM, BUT BECAUSE WE EXPECT GREAT THINGS OF THEM! If the Farm Bureau has failed, let us hope that it failed because it was overpowered.

Have you taken note of the subtlety and intensity of the opposition to Price Fixing? Have you never asked yourself why so many other things are recommended as being in themselves entirely sufficient? Here is the reason: PRICE-FIXING, BY THE FARMERS, THEMSELVES, SAFEGUARDED BY A TARIFF WALL AND PROPER GOVERNMENT REGULATION, WITH GOVERNMENT PURCHASING OF SURPLUS AND STORING FOR LEAN YEARS, TOGETHER WITH PERIODIC CROP REDUCTION OF ACREAGE WOULD END THE GAMBLER'S GAME IMMEDIATELY AND FOREVER.

Price-fixing does not mean Government Management, but it does mean that the organizations that have always held control shall no longer be consulted in the fixing of prices; and that these same organizations shall be liable to prosecution for price changes. All this talk about the "speculator" being necessary to keep the markets functioning properly, is the rottenest kind of tommyrot.

At this very moment, while these lines are being written Board of Trade is telling the farmers of this country that "the government tried to regulate it" and the process has hurt its feelings and it will not invest its

sweet dollars in wheat!" The gambler's principal of horseshoe bettledement that built "Lakeview Drive", Gold-tipped Circle, and Fool's Paradise Promenade at the expense of farming communities, has lost none of its basic blare because of opposition; and if the Farmers Federation will measure the task before it in a new light of eternal vigilance, the future will tell a different tale from the past.

Manufacturing industries and labor organizations, through the power of a protective tariff and immigration laws, have adopted what is known as an American standard of living; but it must be remembered that the bed-rock foundation of this new order is the power to "fix prices" of labor and product. On the other hand, the farmer by the so-called "economic" law of supply and demand, is placed on the same footing with untold millions of the poor and oppressed of other lands.

Why is it so hard to understand that there is a cycle of spending in economics, just as every thing else in nature moves in a circle? In other words, the farmer, the merchant, the manufacturer, the laborer are all linked together, and their interests are mutual. You dare not make the farmer the balance-wheel for the irregularities of other industries, and it is a heinous crime to make of his occupation the "shock-absorber" for the bumps placed in the road by high power finance.

During the long years of the evolution of farm economics, the farmer has been so gentle, so obedient, so forbearing in all things, and has shown such a sweet disposition by taking what was handed out to him by the lords of "distribution"; that any important change in his conduct is forthwith taken as a form of rebellion against the decrees of fate.

FIFTEEN YEARS

AGO TODAY

From Daily Republican
Monday, Feb. 15, 1909

Dr. E. L. Wooden was called to Manila Saturday to remain a gran of pop corn from the ear of Glorine English. It was thrown in her ear several days ago and did not give her any pain until Saturday.

Mrs. Marie McIntosh, daughter of Frank Mullin of this city, was robbed of \$45 by a burglar Saturday night. The thief broke into her room at her boarding house in North Meridian street in Indianapolis.

One hundred and five additions to the church is the direct result thus far of the Yucell meetings at the Main Street Christian church. The whole church is rejoicing and enthusiastic over the splendid success of the meetings.

The piano pupils of Miss Jessie Kitchen gave a recital at the home of their teacher in West Third street Saturday evening and was attended by nearly one hundred people. Those on the program were Pauline Gosnell, Lawrence Payne, Hubert Alexander, Carmelita Sparky, Kathryn Giffin, Dorothy Sparks, Mary Louise Poe, Elsi Frazee, Leah Flint, Gladys Titworth, Mary Ruth Innis, Marguerite Wolcott, Mary Louise Bliss, Dorothy Tevis, Edna Miller, Jean McClannahan, Edith Holden, Frances Neutzenbelzer, Emma Wilk, Louise Mauzy and Norma Smith.

John Nipp, Jr., has returned to Ann Arbor, to resume his studies in Michigan University after a short visit with home folks in this county. Mrs. Sarah E. Ball and daughter Eva have returned from an extended visit with Mr. and Mrs. A. J. Shelby in Lebanon.

Misses Sue Gregg and Mary Scanlan saw the "Merry Widow" at Englands in Indianapolis Saturday night.

The Rush County Farmers' Institute began with the first session at Carthage today and will continue all this week. The session will be held at Manilla Tuesday; at Milroy Wednesday; at Arlington Thursday; and at Rushville Friday and Saturday, the Saturday's session being especially for women.

The associate members of the Ladies Musicales royally entertained the active members this afternoon at the home of Mrs. Willard Amos in North Perkins street.

Ruth Atkins, daughter of Mr. and Mrs. Jesse Atkins of Mays, fell from a chair last week and broke her arm.

Gosh! Hain't He Trouble Nuff?

(Pittsburg Gazette-Times)
President Obregon should offer a prize for a peace plan.

The New ESSEX

Built by Hudson

A SIX

Gives "Ideal" Transportation

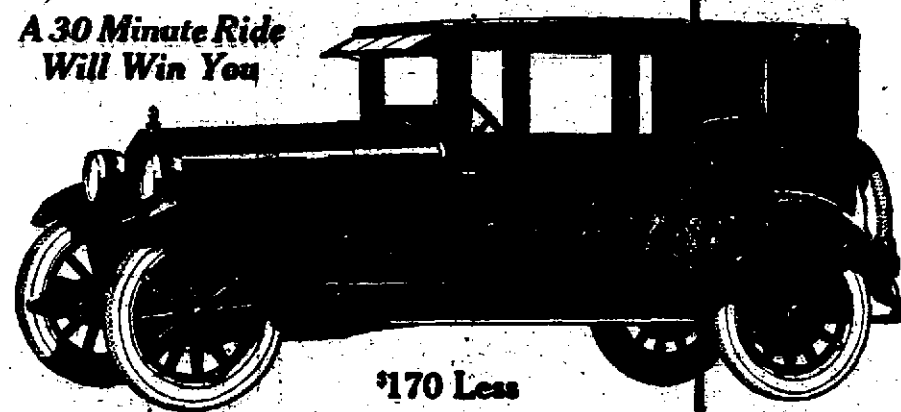

Take a 30 minute ride to learn the facts. It will convince you that "ideal transportation" in terms of economy, performance and lasting reliability, is fully realized in this low priced car.

The new Essex is built by Hudson and shares its famous design advantages. That not only means a motor design that has long held a foremost place among "Sixes", but the same type of clutch, transmission and rear axle which Hudson has proved in years of service.

And the first-cost economy is carried out in every way that applies to transportation—low fuel and oil consumption; great tire mileage; and astonishingly low prices on replacement parts.

The materials used and the way it is built insure lasting enjoyment of those unusual qualities which delight you on your first ride.

A 30 Minute Ride
Will Win You

\$170 Less

Essex closed car comforts now cost \$170 less than ever before. Also with this lower price you get a more attractive Coach body and a 6-cylinder motor built on the principle of the famous Hudson Super-Six.

Don't Fuss With Mustard Plasters!

Musterole Works Without the Blister—Easier, Quicker

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole. Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of mustard plasters, and will not blister.

Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest (it may prevent pneumonia).

To Mothers: Musterole is now made in milder form for babies and small children. Ask for Children's Musterole. 35c and 65c, jars and tubes.

THREE GAMES ON THE
FRIDAY NIGHT PROGRAM

NEWSY GOSSIP IN THE WORLD OF SPORT

PROGRAM FOR THE
REGIONAL IN SHAPE

HITTIN' 'EM AND MISSIN' 'EM

HERE'S A CONSISTENT PLAYER

An old hoop in his back yard, started Robert Newbold in developing his "shooting eye", and today he can hold down the center or forward position on the Rushville team. "Bob" is a real Lion when he gets into the game, and there is usually something doing when he grabs the ball. He handles himself well, keeps a level head in all games and makes good passes. While "Bob" is not usually a starter in the game, yet he generally goes in for a half portion and makes good. In the games that he has played this season, he has sent in 33 field goals, and made good 8 fouls. It never makes any difference to him who plays as his running mate, as he can cover the floor with any of the other players. One of the nicest things about "Bob" is that he has another year in school, and will be back in a uniform next season.

Richmond is coming 150 rooters strong Friday night, as they have asked for that many tickets.

There will be no advance sale of tickets for the Rushville-Connersville game here next week, and everyone will have to take a chance on getting in. Details about the opening of the doors will be announced later.

Babb of Indianapolis will referee the game here tomorrow night and Campbell of Franklin will be the umpire.

THAT TERRE HAUTE SPECIAL
Plans are now going forward for a trailer on that special car to Terre Haute next Saturday, February 23. The first car is about filled, and there are many inquiries being made. The round trip fare will be \$4, it was announced, and the car will leave here at 9:30 in the morning, returning right after the game at night. Arrangements are being negotiated with the Terre Haute school for the appearance of the Rushville girls against the Garfield girls for a matinee game, along about 3 o'clock in the afternoon.

Knightstown plays at Newcastle Friday night, and the following from Markin' 'em up, is of interest here:

BEAR STORIES

Knightstown puts forth the alibi that Hargrove suffered injured knees in the Greenfield game Friday night, and that was the reason they were defeated by Rushville Saturday night. In that case, we might ask how

about the way Greenfield almost doubled the score on the Wayne township crew. We aren't taking any stock in the bear stories, and you can bet your last sock that K-town will put everything she has in this game here Friday night.

IT WILL BE A TEST FOR ONE OF US

George Purcell of Vincennes has his dates mixed, when he says this: RICHMOND WILL GET A TEST OF HER BIG TEN STANDING WHEN SHE PLAYS BEDFORD NEXT FRIDAY NIGHT ON THE BIG EARLHAM FLOOR. The test will be with Rushville Friday night, and with Bedford Saturday night.

15 Years Ago, But Not Now

Watchin' and Gnessin' of Columbus caught a glimpse of the 15 year ago column in the Republican, in which a game in 1909 between Rushville and Manila was cancelled on account of sickness of two players. The Columbus paper hits the nail on the head, when he says, "Them Days are Gone Forever."

Uncle Sam still carries the mail, but it looks like faithful contribs have forgotten how to use a pencil.

Let's Invite Him Back Home

Hardwood in the Indianapolis Star makes a most startling announcement in that he was born in Rushville, but left here when he was

IS A WHIRLWIND AT FORWARD

Probably the best forward in Rush county is Foster Hilligoss of the Rushville team, who headed the list for points in the county tourney. "Hilli" has a good basket eye in every game, and plays in top-notch form. He got his early training down at Webb, and Rushville is always glad to get any players from that school, because they are trained right. When "Hilli" goes up against Richmond Friday night it will be a safe bet that he will get his share of points, and with the rest of the team working with him in good form, there is no reason why Rushville can't down Morton. With Hilligoss' record this year of 82 field goals in the games that he has played, it looks pretty good for a record of 100 or more before the season is over. "Hilli" also has made 15 foul goals this season.

EARLHAM MAKES REGIONAL PLANS

Big Indoor Field at Richmond Where Basketball Games Will be Played to be Enlarged

WILL THEN SEAT 3,500

Orders For Tickets Already Are Being Received From Teams That Expect to Win Sectionals

Richmond, Ind., Feb. 14—Earlham college is laying extensive plans for efficiency in handling its regional high school basketball tournament at the E. P. Trueblood indoor athletic field March 7 and 8. Coach Norman G. Wann stated Wednesday that the bleachers would be arranged to take care of approximately 3,500 fans. As they are now, the bleachers will accommodate 2,900.

No high school team of this region will be allowed to practice at any time on the Earlham regional court, according to word from A. L. Trester, secretary of the Indiana high school athletic association. Coach Wann was informed by Mr. Trester that any high school team playing on the Earlham regional floor would be ineligible for tournament play.

Morton high school, therefore, is excluded from using the floor for practice, which is deemed fair in every respect to the other teams that will play in the Earlham regional.

However, Mr. Trester did not rule against the high school team playing a regular scheduled game of the season on Earlham's court. Earlham officials have invited the Morton high school to stage its Bedford game Feb. 16 at the Earlham indoor field so that a greater number of fans could be accommodated. The high school officials are seriously considering staging the game at Earlham but have not taken final action as yet.

Orders for season tickets for the regional games are coming in at Earlham, already. The college intends to have 2,500 season tickets for the games. Persons wishing to make reservations for tickets are asked to send their checks or money to either Prof. Ernest Wildman or Coach Norman G. Wann, who are in charge.

The main entrance at the west end of the indoor field is to be used for spectators entering the structure for the tourney games. The box office has been installed there. Reservations for players on teams coming to regional have been made at the Westcott hotel. Fans coming into the city for the tournament will be obliged to take care of themselves regarding a place to put up.

a baby. Look at all of the good things he has missed, and look what he is going to miss, unless he drops down here and sees that Connersville-Rushville game next week. Let's start a thin-dime club and bring the old timer back home, and show him that there are 10,000 people here ready to go to Richmond.

Just The Kind of a Team We Like to Meet

The Richmond newspapers haven't paid much attention to the game here Friday night, and have devoted most of their space to the Bedford game on Saturday night. Of course, it will be easy pickin' here for Morton, and Hillin' 'em only hopes that they come here expecting to make it easy pickin'. Those are the kind the Lions always knock off.

Every Rushville player should watch a man at all times, cover him up, make a quick offense, follow in the shots, and hit the basket where it will go in. Let's make Richmond surrender.

ANOTHER WONDER HAILS FROM ORANGE

There is one player on the Rushville team that comes from the same place that "Peaches" Henry, the girl wonder hails from, and that is Ar-

Horse Sense Needed

HENRY L. FARRELL
(United Press Sports Editor)
New York, Feb. 14—No one but a good fellow can get along in boxing and no one can get along with boxing but a good game fellow.

Romantic fancy loves to paint a game fellow as one who rode the range alone in the old wild and woolly days; or one who ran a gambling house in Alaska when a "rod" on the hip was the only law; or a fellow who would push his whole pile across the board when the little ball started rolling around.

The game fellow is always associated with such situations in romances and fiction and many times these situations are found in real, every day life.

There isn't the same romance today in which the game fellow can show himself, but the times are just as tough even if they lack old trim-tacular and if they lack the old trimmings of the melodramatic.

Suppose that you put every cent you had into the promotion of boxing in a state where the sport had just been restored to legal standing that you put a lot of bum fighters and bum managers into wealth that they never dreamed of; that you provided the means whereby Broadway became cluttered with imposing offices where presided the managers who used to do their business over the bar in a cheap booze joint, supposing then that these leeches turned upon you and dug the knife in your back.

Suppose that the men with whom you were dealing thought so much of their benefactor that they helped get you into criminal court on a nasty charge and it cost you \$100,000 to prove that you were innocent.

Suppose that the same gang after the jury had acquitted you shugged their shoulders and whispered from the corner of a thick-lipped mouth that you had bought the jury and the state.

Suppose that you had taken a foreigner who had arrived as a tramp in the steerage of a ship and made \$300,000 for him in two years and the same foreigner turned around and sent you a cable "Don't count me in on any more of your fights."

Suppose that some managers who came to you and said: "Put this boy on in a preliminary. His family's starving"—and you not only put them on once but a dozen times until their family got so fat they had to be hauled around in a twelve-cylinder limousine and then your friends said, "He's got a monopoly. He's got the chairman of the boxing commission. We have to fight in the Garden to live and he robs us."

Supposing that you did something for your big city, got something for that city that the smartest business men and the wisest politicians had failed to land and then you heard from the alley: "He'll make \$300,000 out of the concessions. He'll make a

thir Snoddy, who got his early training down at Orange. Snoddy is one of the star performers for Rushville at forward, and ranks along with any of them in making the points, getting pep in the team and in putting up a scrappy game. This player will be lost by graduation this year, and some college will get a good prospect. This season Snoddy has made 72 field goals, and heads the list on making foul goals, scoring 31 of his chances, which is twice as many as any other player. The fans of Rushville are looking forward to see Snoddy finish his basketball career here in a blaze of glory, and he expects to shine in the game tomorrow night with Richmond. If Hillin' 'em had a picture of him, he'd let you see his smiles and his curls, but if you don't know this chap, drop in and see him play—then you are acquainted.

fortune bootlegging. He'll scalp the tickets."

Suppose that you knew a certain fight between two heavyweights could not be pulled off; that you had been told from high up to lay off it and that you made no attempt to arrange such a fight; that the manager of one of the fighters knew that it couldn't be staged, but he cut loose on you, assailed you for discriminating against his man and that the howl by the members of his race went to the legislature and nearly killed the game.

Supposing that your bitterest critic was the man for whom you had built a house and paid for it.

Supposing that all these things were true, that you figured out they were just the penalties of a funny business and went right along taking everything as it came and saying nothing—

Then you would be the gamest guy that ever lived.

DOORS TO OPEN AT 6 O'CLOCK

Three Basketball Games on Friday Night's Program

The doors for the Richmond-Rushville high school basketball game will be opened at six o'clock Friday night, it has been announced, and three games are on the schedule for the evening. The first game will be played at 6:15 between the Rushville second team and the Morristown first team, and at 7 o'clock the Columbus girls will play the Rushville girls. The big game of the evening will start at eight o'clock.

Richmond has asked for 150 tickets, and a section will be reserved for them. The visiting team comes here with the reputation of being one of the main contenders in the state, and have defeated several strong teams, and held other teams to close scores. A record crowd is expected.

EQUALS THE WORLD RECORD

Loren Murchison Runs 100 Yards in Ten Seconds

New York, Feb. 14—Loren Murchison, of the Newark Athletic Club, America's premier indoor sprinter, equalled the world's record by running 100 yards last night in ten seconds in the Samual games at the 22nd regiment armory. Murchison ran away from Bob McAlister, former Metropolitan champion, and Bennie Webers Jr.

Joie Ray, Illinois Athletic club, America's hope for the Olympic middle distance, won the 1500 meters race in 4:04 4-5 with his team mate, Ray Watson, second.

New York—Bobby Hill Bootlegger, champion Sealham terrier from the kennel of Bayard Warren of Pride's Crossing Mass., won the award as the best dog in the country when the annual dog show closed last night in Madison Square Garden. The new all-around champion is Barberry Hill Ginrickey, a champion out of Western Wistful.

Cleveland, O.—Trek of the Indians south will begin tonight, when 18 pitchers under Scout Jack McAllister will entrain for Hot Springs Ark., for three weeks workout before the whole team gathers at Lakeland, Fla.

Milwaukee, Wis.—After being on the short end of the count at the half, 10 to 8, and having been held to one goal from the field, the Butler College basketball team rallied in the second half and scored a 24 to 18 victory over Grinnell University at the Marquette Gym here last night. Butler started the second half with a bombardment of the basket that soon gave them the lead, while Marquette was unable to score very effectively.

Laugh at the Hills!

Shoot the hills in an Overland! With a surge of robust power, Overland whips into action—off like a streak—carrying you up and over the top of the steepest, meanest hills. Try it out. Society Events

Mahoning Council, No. 36, will meet in the Red Men hall Friday evening. There will be a class of five candidates and a large attendance is desired.

About thirty couples attended the dance given in the K. of P. hall Wednesday evening. The McGinnis Synod Four of this city furnished splendid music for the dancers.

Miss Ruth Miller of this city and Miss Esther Kinnitt of Milroy went to Newcastle Wednesday evening where they attended the house party given by Miss Dorothy Kinnitt.

Martha Poe Chapter, No. 143, O. E. S. will hold initiation Friday evening at the Masonic Hall. A social will follow the initiation and each one is requested to bring popcorn balls and apples.

The W. R. C. met in regular session Wednesday afternoon in the assembly room of the court house. After the impressive ceremony of draping the charter for a deceased member, a very interesting Lincoln's Day program was given.

Nineteen tables of twelve were in session Wednesday evening at the K. of C. hall, the party being given under the auspices of the girls of the Immaculata Sodality of the St. Mary's Catholic church. At the conclusion of the games sandwiches and coffee were served to the guests.

Mr. and Mrs. Wilbur Mahin entertained with a high noon dinner party today at noon at their home in North Jackson street. Covers were laid for the Rev. and Mrs. R. W. Sage, Mr. and Mrs. Arthur Proctor, of Mt. Washington, Ky., and Mr. and Mrs. Alva Hurst, living west of the city.

The Community Club was most delightfully entertained Wednesday evening in the large show room of the Knecht Garage in North Main street. Mr. and Mrs. John Knecht being host and hostess. A delicious pitch-in supper was served, and the remainder of the evening was spent in games, cards and music.

Mr. and Mrs. Glen Perkins entertained with a dinner party Sunday at their home in this city the following guests: Mr. and Mrs. Alden Roberts and children of Dunroith, Mr. and Mrs. Ace Sward of Connersville, Mr. and Mrs. Sherman Young and son Roscoe of this city and Lemmie Perkins of Indianapolis.

There will be a social given at the Little Flatrock Christian church Saturday evening.

Cured His Rupture

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no loss of time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me, Eugene M. Pelton, Carpenter, 2714 Marcellus Avenue, Marasquan, N.J. Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.

A Checking Account Is Your Protection

A Checking Account in this Bank not only protect you against burglary and loss but it is a convenient and simple bookkeeping system and an automatic receipt writer. These things cost you nothing, but what immeasurable benefits you reap therefrom. Open yours here TO-DAY.

The American National Bank
Rushville, Indiana

Monday evening, February 16. Among the amusing features of the entertainment will be a Washington's grab bag and a lunch counter. The proceeds from the social will be used for the benefit of the Mission Band. Everybody is requested to wear something red.

Mrs. Clarence Carpenter entertained the members of the N. B. B. club Wednesday afternoon at her home in North Morgan street. The afternoon was enjoyed socially and a drawing contest proved to be very amusing. Following the business session delicious refreshments were served in keeping with Valentine suggestions. Mrs. Frank McMillin of Greensburg was among the guests present.

The Westminster class of the First Presbyterian church met at the home of Mrs. Richard Beale in North Harrison street Tuesday evening, for their regular meeting. After a short business session, a social program consisting of contesting games and readings by Mrs. Rena Warner and Mrs. Gibson Wilson was given. The home was prettily decorated in keeping with Valentine Day and the refreshments served at the conclusion of the meeting, carried out the same suggestions.

Mrs. Harry Hall was hostess Wednesday afternoon to the members of the Band of Workers of the First Presbyterian church at her home in North Morgan street. She was ably assisted in the serving of refreshments at the close of the meeting by Mrs. Sam Finney, Jr., Mrs. Wilbur Spivey and Mrs. Rena Warner. During the business session many matters pertaining to the organization were discussed and the session was followed by a delightful social hour.

The Wednesday Afternoon Club was delightfully entertained Wednesday afternoon by Mrs. McBride at the home of Charles Frazee in North Main street. The ladies enjoyed the afternoon informally over their needlework and a delicious luncheon was served at the conclusion of the party. Mrs. McBride was assisted in the serving by her granddaughter, Miss Helen Frazee. The home was appropriately decorated for the occasion with Valentine suggestions of hearts and cupids.

The Psi Iota Xi sorority held a business meeting Wednesday evening at the home of Miss Helen Monjar in West Sesocdn street. At this time delegates to the mid-year convention to be held in Indianapolis Saturday at the Hotel Lincoln, were elected, they being the Misses Brenda Kinsinger and Marjory Clark. It was also decided to hold a pitch-in supper next Tuesday evening at the home of Miss Marjory Clark in North Sexton street. Plans were made for an exchange Saturday, February 23, also.

On Wednesday evening thirty young people gathered in the basement of the First Presbyterian church for a Valentine party. The room had been beautifully decorated with cupids and hearts in keeping with the Valentine season. Materials

House Apron

An extremely pretty house frock is made of large figured cretonne with a fitted bodice and a full skirt that will cover a good frock beyond the possibility of accidents.

were furnished each one and they were told to make an original Valentine. Some very clever and artistic ones were presented to the judges. Dan Cupid entered the room carrying a fancy basket and gave each guest an envelope containing a dissected Valentine which they were to rebuild. A "cake" contest followed this and as a closing feature, the social committee served delicious refreshments.

Mrs. Will Braun entertained the members of the Emanon Club Wednesday afternoon at her home in North Perkins street. Bridge was played during the afternoon and delicious refreshments were served by the hostess.

The regular meeting of the Delphin Society will be held Friday afternoon at the Elks club room in East Second street. All members are urged to attend.

Mrs. Mary Newbro was the leader of the Missionary meeting of the First Baptist church Wednesday afternoon, when the society was delightfully entertained at the home of Mrs. B. W. Reynolds in West Fifth street. The subject for discussion was "American Indians", and four papers were read on the subject Miss Elizabeth Stewart's paper was on "Baptist Work among the American Indians." Mrs. William Barnes talked on "The Heroine of Saddle Mountain." Mrs. R. I. Stewart's subject was "The First Fruits," and Mrs. Nora Arbuckle discussed "The Valley of the Shadow." At the conclusion of the meeting refreshments were served, the hostess being assisted by Mrs. Chester Ridout and Mrs. Roy Samders.

The American Literary Club met at the home of Mrs. R. O. Kennedy in West Seventh street Wednesday afternoon at 2:35 o'clock. After the collect, fourteen members responded to the roll call with quotations from Abraham Lincoln. After a short business session, Mrs. Bessie Matney gave a very instructive talk on "Important Movements of Our Times", and her talk was followed by a collection of southern melodies on the piano by Miss Mildred Dungan. Mrs. Lillian Jones gave a paper entitled "The Formation of the Southern Confederacy" which was followed by a paper by Mrs. Russell Morgan on the "Principles of Abraham Lincoln". After another short business session, Miss Dungan again rendered a piano solo and as the closing feature of the meeting the hostess served delicious refreshments.

BURIAL TO BE HELD HERE
The body of Mrs. Frank Wooster, formerly of this city, who died at her home in Anderson Tuesday night, will arrive here Friday afternoon at 3:42 o'clock over the Big Four railroad and be taken directly to East Hill chapel where friends may view the remains at four o'clock. Services will be held at the late residence Friday afternoon at one o'clock.

On With the Spring Play

In Which Fashion Details Take Their Cues

SPRING COLORS

Spring is the season of freshness, of gaiety, of brightness. New Fashions are most appealing and some of the colors that emphasize the beauty and smartness of the mode are listed below.

- Black
- Navy
- Coco
- Lavim Green
- Mexico
- Cigarette
- Poudre Blue
- Hollywood
- Grey and White

SPRING FABRICS

Spring has her fabrics as well as her colors and silhouettes, and when you are choosing your new spring frock, suit, wrap or coat, here is a guide to go by.

- Covert Charmeen
- Charmeuse
- Flamingo
- Satin Canton
- Cubana
- Roshanara
- Polaire
- Georgette
- Swede Velour
- Printed Crepes

5708 5658 5109

The stage is all set. The scenery is ready. Rehearsals have been going on for months. And when the first Spring day dawns, Miss Fashion, in the role of leading lady, will open in the Spring Play. Spring style details are awaiting their cues. Realizing the importance of adopting the right fabrics to the right colors, and to the right silhouette, we know you will be doubly interested in this play.

THE THREE S's

Short, Straight, Slender—
Shorter skirts, straight effects, long slender lines, they are still the predominating style tendencies. And whether applied to coats, suits, dresses or wraps, the smartest line is the straight line between two points.

SHOES NO LONGER A WISP OF LEATHER ATTACHED TO SOLES

By HEDDA HOYT
Fashion Editor of the U. P.
(Written for United Press)

Paris, France, February 14—
"Soles for sale," last season's shoe drama, has been scratched off the fashion boards. After a long run, it has been decided that soles held together by straps had many bad lines, to say nothing of poor support.

Shoes are no longer mere wisps of leather attached to a heeled sole. Perhaps fashion is revolting against eccentric shoe styles, but more likely women are revolting against fallen arches and crippled insteps. Paris still likes the strap idea for shoes, but insists upon some arch and foot support other than the tiny vamp that just covers the big toe.

Velvet is used quite as much as satin for dressy shoes this season. Models are usually made with the medium short vamp, but with good arch support. Buckles of rhinestone and rhinestone monograms are used frequently on these dressy shoes. Patents and other leatherned shoes are also to be monogrammed this year, with stenciled colors or with cut-outs.

Evening shoes can not be too glittering. There are some of silver cloth studded with rhinestones throughout; others with entire heels of rhinestones with plain metal cloth used for the rest of the shoe. Brocaded slippers still retain their popularity, but are worn only with dark colored gowns, or gowns of the same material. Silver is by far the most important shade for evening and it is always worn with the flesh or "fide" stocking. Both silver and gold-dipped leather is being used, although it is not as attractive as the gold or silver cloth, to my mind.

Black shoes with pipings of contrasting colors are worn with the street frock. There are black shoes with red, purple and yellow pipings that go very prettily with the colorful embroidered frock. In no instance is the coloring blatant, however.

Red, green and blue shoes such as we saw last summer will not be as popular this season as last, although for sports wear there will be shoes that use these colors, but usually in conjunction with white. Spring will see many colors, again but subdued ones, such as taupe, deer shades, light browns and dark corn collar. Suede will be a popular feature for these colorings.

There seems to be no let up on light colored hosiery. Women have

entirely given up the black stocking. Colors that serge on peach tones are favored by the Parisians.

FASHION NOTES

Paris is wearing frocks with fringe from the knee down which carry out the bounce idea.

Summery frocks of voiles and linens have skirts made entirely of tiny ruffles.

The newest sports cape is hand-crocheted in lustered wool. A multi-colored effect is produced by using rows of contrasting or blending colors with a fringe of these same tones. These capes are made on large needles and with a drop-stitch so that the effect is somewhat lacy. By knitting several rows of each different shade a striped effect is obtained.

The Spanish shawl will be used extensively for the summer evening wrap this season. It has been a popular wrap in England for years, but has never met with much success in America.

COULD NOT WALK BECAUSE OF PAIN

Bad Case of Woman's Illness Removed by Lydia E. Pinkham's Vegetable Compound

St. Louis, Missouri.—"I had such a bad case of female trouble that I could not walk because of the pains from inflammation. My back was all done up. I could hardly bend, could not go up stairs because of weakness, and no one could possibly be in worse shape than I was. I have taken twelve bottles of Lydia E. Pinkham's Vegetable Compound, and I am a strong woman now and can work down any of my neighbors. They wonder how I can do so much work. I dare say that I have recommended your medicine to a thousand women. A little book was thrown at my door, and that is how I first learned of it."—Mrs. D. M. BEAUCHAMP, 1104 Morrison Avenue, St. Louis, Mo.

Letters like this bring out the merit of Lydia E. Pinkham's Vegetable Compound. They tell of the relief from such pains and ailments after taking Lydia E. Pinkham's Vegetable Compound.

In a recent country-wide canvass of purchasers of Lydia E. Pinkham's Vegetable Compound, 98 out of every 100 report they were benefited by its use. For sale by druggists everywhere.

INDUSTRIAL MEN ARE OPTIMISTIC

Believe Reduction in Commercial Loans Will Establish More Conservative Business Principles

REFLECTED IN STEEL MARKET

Indications Are End of 1924 Will Reveal Settling Back to Condition of "Normalcy"

By BRUCE SHORT
President, The Engineering Sales Corporation
(Written for United Press)
Indianapolis, Feb. 14—Statements of prominent Indianapolis bankers

Gains 36 Lbs.

Powell says Taulae not only increased his weight, but also put him back on job feeling fine

"Taulae increased my weight thirty-six pounds and put me back on my job feeling fine," declares Allen M. Powell, electrician, 202 West Worthington St., Fort Wayne, Ind.

"Three years ago I met with an accident, and blood poisoning developed which laid me up for sixteen weeks and just about wrecked my nervous system. Some time after getting out of bed I attempted to go back to work, but had to give it up for another month on account of nervous indigestion, constipation and general weakness.

"Taulae put new strength and vigor into my whole body by making me eat plentifully and improving my digestion and liver action, and I have been in splendid health ever since. Taulae is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

Take Taulae Vegetable Pills.

Freckles and His Friends

Jay Is a Hopeless Case

By Blosser

that commercial loans in Indiana during 1924 will "be marked by a notable reduction" have inspired industrial leaders here with a spirit of confidence rather than a fear of depression.

Their optimism is based on the knowledge that a reduction in commercial loans at this time will be for establishment of more conservative business principles.

The establishment of conservative principles is in line with the effort of all enterprises to go through the climax of postwar adjustment without serious impairment. It is a well known fact that the present time is such as to require readjustment to meet changing conditions, to meet the keenest of competition which results from a well-defined buyers' strike.

The soundness and truth of the bankers' prediction and the wisdom of the optimistic reaction to it is reflected in the steel market by a strong undertone and by volume buying.

Indications are that the end of 1924 will see a fair volume of business abating been transacted—not on a par with the record of 1923 but sufficient to reveal a settling back to the much heralded condition of "normalcy". It will not be a pre-war normalcy, but the increased volume that would naturally be expected in the normal growth from the pre-war period to the present day.

There are indications that the present business year will be one of normal tendencies, rather than of a spasmodic nature, so far as domestic affairs are concerned. Settlement of some difficult commercial problems overseas would aid in making conditions more favorable here, seems to be the general belief among business men.

The iron and steel situation, usually considered a barometer of the

trend of business, indicates a promising future.

TWO-THIRDS MINES OPEN

Clinton, Ind., Feb. 14—Twenty of the 30 mines in the Clinton field are now active, according to D. F. Walker, secretary of the chamber of commerce here. The 5,225 men employed in the mines are working an average of 4.9 days a week. However, 2,275 men are still unemployed, Walker said.

Maxims of Menagious.
If you believe there is no time like the present, ask any old-timer.

The Flu and You

Chiropractic Health Talk — No. 52
By H. V. McCully, D. C., Ph. C.

We are now starting in the period of the year when Colds, Flu and Pneumonia are most common.

If poisons and toxins are staying in the body due to weakened liver, kidney and bowel action, then nature must do something to get rid of them.

A fever is the adaptive action to accomplish this end and gives rise to the condition of so called Flu.

If the lungs are not receiving their full amount of Life Force their resistance is below par and they are not capable of carrying on the excess work thrown upon them at this time. Congestion takes place and so called Pneumonia is the result.

It is well to remember that the record in the Influenza epidemic showed but one death in every 896 patients given Chiropractic Spinal Adjustments.

Chiropractic drives right at the cause and that is the reason its patients recover.

There is no substitute for our Chiropractic Adjustments to take care of the above conditions.

Uncle Ben Says:
"Some folks object to marrying a widow, nephew, but I'd rather be a widow's second husband than her first."

Given Up to Die

"My boy was having hemorrhages every three minutes. The case had become worse and was now pneumonia and physicians said the entire left lung had filled up. In the emergency I went for the chiropractor in my car and brought him back. Before the first chiropractic spinal adjustment was given, the hemorrhages were coming every minute, and the congestion had started in the right lung. But the hemorrhages were stopped almost immediately. The breathing became easier. As the days went by the boy became stronger and he was soon able to take a ride with me. He fully recovered and today is sturdy and strong with no hint of lung weakness."—A. F. Slingerland, Chiropractic Research Bureau, Statement No. 1343C.
